## I. Publication declaration

I approve the submission of this paper to *Diabetologia* for publication. I confirm that, with the exception of meeting abstracts, neither the manuscript submitted nor any part of it (including tables or figures) has been published nor is being considered for publication elsewhere in any language or any form (including symposia, proceedings, preliminary communications, books and invited articles).

## II. Authorship

- 1) I confirm that each author has participated sufficiently in the work represented by the article to take public responsibility for the content. Participation has included (i) substantial contributions to the conception and design of the work or the acquisition, analysis or interpretation of data; AND (ii) drafting the article or revising it critically for important intellectual content; AND (iii) final approval of the version to be published.
- 2) I agree to be accountable for all aspects of the work in ensuring that any questions related to the accuracy or integrity of any part of the work are appropriately investigated.
- 3) I confirm that persons who have contributed intellectually to the article but whose contributions do not justify authorship are named in the Acknowledgements and their particular contribution described. Such persons have given their permission to be named.
- 4) I confirm that the given sequence of authors is the consensus of all contributors.
