

## Lanhydrock Seniors Charity Fund 2016/17

Dear Colleagues

As you are aware over my past year as the Seniors Captain my nominated charity has been Cornwall Hospice Care, to which I am so very grateful for your tremendous support in enabling me to have accumulated £1,419.00.

I am keen that such charitable kindness by our seniors is put to the best possible use for Cornwall Hospice Care as it will or has already played a very important part in some of our lives.

A very dear friend gave up the land for The Hospice at St.Austell to be built on, and for the past 20 years, together, with his wife has been a very active Board member. Today he is spending his last few days in the Hospice as a patient.

I have asked the Head of fundraising at the The Hospice that instead of our money going into the grand fund and being lost amongst the circa£7million they have to raise each year that on this occasion they direct it toward a specific spend that we can associate Lanhydrock Seniors Golf with.

It is a request that is often asked but rarely conceded as they need to address their priorities.

I am pleased to say that on this occasion they will allow us to make the spend for a specific need.

When family members or friends are given life changing news they are taken to a specific room 'The Sanctuary', which is quiet and peaceful and where that news can be provided in peace and solace.

For the past 3 years there has been a need to redecorate this room but budget pressure has meant it was always delayed.

This money will now go to the redecoration of that room and make it even more comfortable for those that require its use.

I hope you find this to be a satisfactory and most befitting use of your generosity.

I will arrange for the necessary transfer in due course.

With thanks again

Andy Wood
