

RETURN IDLER BASKETS - CERAMIC

Return Idler Baskets for Ceramic Idlers utilize a mesh inlay designed to catch broken or shattered idlers.

EASY TO INSTALL

- › Attaches easily with beam clamp assembly
- › No welding or cutting required

EASY TO MAINTAIN

- › Detach guards to service idlers or belts
- › 1 1/2" mesh size catches large pieces of ceramic while allowing smaller materials to filter through

BUILT TO LAST

- › Heavy-duty steel construction
- › Powder coated for increased durability
- › Available in stainless steel or aluminum

24" Baskets are used for training idlers and areas with obstructions
