

# COINAGE

Rugged kiosks for hardworking environments

## Solutions in revenue collection

## Coinage kiosk management

The Coinage Kiosk is a complete self-service payment portal, accepting Cash, Card & Cheque Deposit, dispensing change.

Ideally suited to the Council cash office environment, it allows access to 7 fund selections directly from the touch screen. An unlimited capacity of additional payment funds can be added at any time and accessed on additional screens.

We use the highest grade components and ensure an excellent build quality so you can count on many years of reliable service.

Cash is dispensed into secure cassettes within the Kiosk reducing direct handler access, further enhancing the secure environment.

- Large 15in XVGA Touch screen for maximum flexibility
- Remote PC control via internet connection
- Barcode scanning for use with Housing Association & Council Tax Invoices plus Payment Cards
- Rear and Front access to Kiosk for cash handling
- Remote management software to back-office system
- Configuration changes handled speedily & remotely
- Custom artwork & paint colour
- Software development for bespoke applications
