

QUALITY POLICY

Nittan Europe Ltd strives to continuously satisfy the expectations of its customers and other interested parties, by identifying and implementing improvements in the quality and efficiency of its systems and processes, by developing its resources and building on the partnerships with suppliers.

The Management Team hold an Annual review meeting to set the Quality Objectives for the coming year and monitor the progress, in Monthly Manager meetings, by analysis of Key Performance Indicators KPI.

The Management team are committed to ensuring the Quality Management System continues to satisfy the requirements of EN/ISO9001:2008 & EN/ISO/IEC 80079-34:2011. In support of this commitment the Quality Manager, reporting directly to the Managing Director, is appointed as the Management Representative, and is responsible for ensuring that the actions and objectives are completed in a timely manner.

Nittan Europe Ltd has a policy to continuously improve, and build on, the skills and attitude of its employees. All employees are encouraged to consider improvements in everything they do. The Managers and Supervisors are committed to the development of their staff.

Robert Barnes
Quality Manager
