December 2019

Dear Friends and Fellow Enthusiasts,

Welcome to this, our fully illustrated catalogue of Dahlias and Chrysanthemums for 2020, our 99th Growing Season. The season just gone, like many before, has had its own set of challenges, particularly the extreme wet weather experienced at various times and our hearts go out to all that have suffered, and are still suffering, due to the recent flooding. It all puts our minor problems into perspective. We experienced a contrasting flowering season with some areas of our Stock fields producing probably the best displays we have seen, particularly the Giant and Large Dahlias which, in fairness, were planted on the best piece of land we have. Visitors were amazed at the size of blooms we were getting, particularly on the new Louis White and its "relatives" Aggie White and Bryn Terfel. Other areas of our fields did however suffer from the deluge we had one Friday afternoon in August. The result was that we lost about 200 Dahlias and 500 Chrysanthemums and the remaining plants never fully recovered, though I am very relieved to say that we only lost stock of 2 varieties.

There have been a few notable highlights this season, the first of which was on a personal note when I was honoured by being made an honorary Vice President of the National Dahlia Society. In September we were again awarded a Premier Gold Award at Harrogate Flower Show. Looking back and remembering the weather we experienced, there was a point when I felt like cancelling as it didn't look like we would have enough flowers. In fact, on the day of cutting we realised we had suffered some frost damage as a result of a very cold morning a few days before!

As I write this a team are in the process of planting up all the Dahlia tubers in readiness to turn up the heat in January whilst the Chrysanthemum stools have already had a batch of cuttings taken from them. Our order book is already filling up for the early months of despatch, especially for Dahlias, so please bear that in mind when placing yours. Our peak period for sending out plants is April through to Early May, when we aim to despatch up to 500 orders a week. Those of you who have dealt with us for many years know that we do our utmost to despatch all orders as efficiently as we can within the time frame requested. New introductions as you will expect are always in demand and this year's list, like many before, includes several new and exclusive varieties as well as some older ones.

A new issue for us to contend with this year is Plant Passporting. Due to legislation passed in the EU, ALL plants intended for planting out need to be accompanied by plant passporting information which allows traceability. As a mail order supplier and a "Professional Plant Operator" we are governed by this new legislation and the additional charges that this will incur, such as annual inspections by our local Plant Health Inspector. You will see that our plant labels have had to be adapted to include the information we are obliged to put on which may mean we lose some of the descriptive details. The alternative was to use bigger plastic labels which we do not want to do!

Finally I would just like to say a big thank you to everyone who has supported us with their custom over the years. Many of you have become friends and it is a pleasure to catch up with you at either the shows or when you visit the Nursery. We look forward to another growing season with positivity and hope and the knowledge that we will always endeavour to do our best and continue to offer one of the most comprehensive ranges of Dahlias and Chrysanthemums in the UK.

Happy Growing!

Yours faithfully
David W Hall

LOOK OUT FOR OUR SPECIAL COLLECTIONS OF DAHLIAS AND CHRYSANTHEMUMS DETAILED THROUGHOUT THE CATALOGUE.

These come at great savings compared with individual priced plants. We will choose varieties in as wide a colour range as we can which makes this an easy way to order.

DAHLIAS

The following pages give details of some of the finest Dahlias available. All varieties have been thoroughly tested on the nursery and they can be offered with complete confidence. For our General Terms and conditions please see page 27 and 28.

DAHLIA CLASSIFICATION

The classification of Dahlias in this catalogue is based on the NDS Classified List 2020, 34th Edition. Some varieties included in this catalogue are either not yet classified or are no longer included (prefixed U). Where this is the case we have included them in what we believe to be the most appropriate section after trial at the nursery or from historical information.

POT TUBERS AVAILABLE DECEMBER TO FEBRUARY

These are compact tubers grown in a 9cm pot and ideal for exhibitors or keen growers who have the facilities (e.g heated greenhouse or propagator) to produce and propagate their own stock. We strongly advise unpacking on arrival and, if necessary, storing in a cool, frost free environment until required for setting away. A minimum of 50°F(10°C) is required for propagation. Water tubers sparingly until growth is evident. Early ordering is advisable. Some varieties already in short supply are only available through our website where tuber availability is updated regularly.

SPECIAL NOTE. Any tuber which fails to grow must be returned to us by March 30th. We will then either replace with tubers, if available, or mini plants, supply a credit note or refund. No action can be taken unless a tuber is returned.

MINI PLANTS AVAILABLE FROM EARLY APRIL TO W/C 25th MAY

These are supplied as strong rooted cuttings for those customers who have the facilities for potting up and growing on under glass (minimum 50°F, 10°C). On receipt, they should be unpacked immediately and potted on into a 9-12cm pot using a good quality compost. Be careful to avoid over watering, particularly after potting. No mini plant orders (unless for our special collections or on a substitutes acceptable basis) can be accepted after 17th April.

Please see table below for our suggested guide to delivery periods for Mini Plants:

	SOUTHERN ENGLAND	MIDLANDS	NORTHERN ENGLAND	SCOTLAND
HEATED GREENHOUSE	Not before the end of March - April			
COLD GREENHOUSE	Mid April	Mid - End April	End April - Mid May	Early - Mid May
COLD FRAME	Early May	Mid May	End May	End May
NO PROTECTION	Mid - End May	End May	End May *	End May *

* Frost protection may still be needed in these areas, alternatively our Garden Ready Dahlias are available early June.

GARDEN READY PLANTS AVAILABLE FOR 2 WEEKS COMMENCING 1st JUNE

These larger plants, grown in a 7cm paper pot, are "garden ready" after allowing a few days to get over the journey! They are popular with customers who do not have the facilities for growing on, but do however come at an additional cost of £2.50 per plant on top of the mini plant price and an additional £2 carriage and packing charge. Orders must be in the office by the 20th April (unless for our special collections or on a substitutes acceptable basis) as cuttings are taken and plants are grown to order.

Please Note we are unable to supply Garden Ready Dahlias to destinations outside of mainland UK.

QUANTITY DISCOUNTS - MINI PLANTS

These only apply when 3 or more of the SAME variety are ordered.

RATE	£3.00 each	£3.25 each	£3.60 each	£4.00 each	£5.00 each
3-4 plants	£2.85 each	£3.10 each	£3.45 each	£3.85 each	£4.85 each
5-9 plants	£2.70 each	£2.95 each	£3.30 each	£3.70 each	£4.70 each
10+ plants	£2.55 each	£2.80 each	£3.15 each	£3.55 each	£4.55 each

Please remember to add £2.50 per plant for Garden Ready.

ABBREVIATIONS AND AWARD DETAILS FOR DAHLIAS

- AM/E** Award of Merit for Exhibition after trial at RHS Wisley

- ◆ Sole release variety
- G** Recommended for garden display
- C** Suitable for cut flower
- E** Suitable for exhibition
- U** denotes unclassified in current classified directory
- Dates shown indicate year of introduction

GIANT AND LARGE DECORATIVES

These "Dinner Plate" Dahlias will certainly create the wow factor either in the garden or on the show bench. Giants (G) produce flowers usually over 250mm (10") in diameter and can be up to 380mm (15"). Large (L) varieties have flowers between 200mm (8") and 250mm (10") in diameter. For exhibition purposes varieties classed as Large must not exceed 260mm. To achieve full size blooms Giants should generally be restricted to 2-3 flowering stems per plant whilst Large should be restricted to 4-5.

		MINI PLANT	POT TUBER
Aggie White	Rich orange bronze sport of Bryn Terfel. Winner of the Harry Howarth Memorial Medal at NDS Exhibition trials at Golden Acre Park, Leeds, in 2018. E. 1.2m. 2018	£3.60	S/O

GROWING TIP
To achieve full size blooms Giants can be restricted to 2-3 flowering stems per plant whilst Large can be restricted to 4-5 stems. This can be done 2-3 weeks after stopping.

GIANT AND LARGE FLOWERED DAHLIA COLLECTIONS

Astound the neighbours with these Supersized 'dinnerplate' Dahlias with flowers easily reaching 20-30cm (10-12") across. To achieve the biggest flowers, allow only 3 or 4 stems to develop on each plant. The following collections are of **OUR CHOICE** from this catalogue and supplied in a wide colour range with a label for each variety.

		MINI PLANT	GARDEN READY	TUBER
GLD5	5 Distinct Giant & Large Decoratives	£13.50	£26.00	£28.75
GLD10	5 Pairs distinct Giant & Large Decoratives	£25.50	£50.50	-
GLC5	5 Distinct Giant & Large Cactus	£13.50	£26.00	£28.75
GLC10	5 Pairs distinct Giant & Large Cactus	£25.50	£50.50	-
GLDC5	5 Distinct Giant & Large Decorative & Cactus	£13.50	£26.00	£28.75
GLDC10	5 Pairs distinct Giant & Large Decorative & Cactus	£25.50	£50.50	-

MEDIUM DECORATIVES

Good sized flowers can be achieved by allowing 6-8 blooms to develop on each plant. Flowers are usually between 150mm (6") and 200mm (8") diameter. For exhibition they must not exceed 220mm.

		MINI PLANT	POT TUBER
Alloway Cottage	Full formal bloom of soft yellow, overlaid lavender. 1.25m. E. 1970	£3.00	S/O
Andrea Clark	Superb yellow medium with winning form. A tall grower. 1.8m. EG. 1999	£3.00	S/O
Askwith Edna	Attractive blends of orange red through to yellow and peach. Good upright plants and full bodied flowers. 1.5m. G.E. raised by the late Ernie Cawkwell. 2016.	£3.60	S/O
◆ Askwith Josephine	Strong growing white that performed well with us in our trials. 1.4 m. E.G. Gold Medal Winner in 2015.	£3.60	-
Askwith Minnie	Delightful sugar pink on strong stems with flowers held at a good angle. Restrict to 4-5 up for showing. 1.5m. E. G 2010	£3.60	-
Avoca Amanda	Pink with good form and strong stems. 1.5m. EG. 2008. Needs an early stop.	£3.25	-
B.J.Beauty	Full bodied white with good form standing the test of time. 1.25m. E. 1976	£3.25	-
Bargaly Blush	Excellent deep rose pink with good deep formation. 1.5m. EG. 2002	£3.00	£6.95
Berwick Wood	Substantial formal blooms of purple pink. Strong habit. 1.5m. EG. 1989	£3.00	S/O
Charlie Two	Light yellow and a consistent winner. 1.25m. E. 1989	£3.25	S/O
Dikara Jodie	Blends of peach and apricot. Restrict to 5 up. 90cms EG. 2007	£3.25	£7.95
Hillcrest Delight	Beautifully formed informal blooms of deep orange. 1.25m. E. 1996	£3.25	S/O
Hillcrest Kismet	Deeply reflexing blooms of unusual salmon bronze. 1.25m. EG. 1999	£3.25	£6.95
Mary Margaret Row	Top class rich yellow that appears to be very weather resilient. Blooms dress right back to the strong stems. Grow no more than 5 up for showing. 1.3m. E.G. 2018.	£4.00	S/O
Oreti Classic	Beautiful lavender pink with a 'Ball' formation. 1.25m. G. 2004	£3.00	£6.95
Purple Pearl	Purple flowers brushed white at the edges. A good garden variety! 1.1m. C.G. 2005	£3.00	-
Red Diamond	Old variety with bright blood red flowers of globular form. 1.2m. GC. 1968	£3.00	-

COLLERETTE

Collerette Dahlias have flowers with a single outer ring of generally flat petals (ray florets) with a ring of smaller petals (florets) forming a collar. The open centred flowers are hugely attractive to all types of pollinators. These make an excellent addition to any garden, particularly herbaceous borders.

		MINI PLANT	POT TUBER
Ann Breckenfelder	Bright scarlet petals with a yellow collar. Very free flowering giving a fabulous garden display. AGM. E. 1m. 2004	£3.25	-
April Heather	Beautiful yellow/apricot blends, lemon yellow collar. 1.5m. AGM. ECG. 1988	£3.25	-
◆ Aspire Julie	Flowers of apricot and yellow blends with a darker reverse are borne freely on strong growing plants. 1.5m. G.E. 2018.	£3.60	£7.95
Clair de Lune	Clear yellow with yellow collar. One of the best! 0.9m. EG. AM/E. AGM. 1946	£3.25	£6.95
Dilys Ayling	Very free flowering red, red collar flushed white. Attractive. ECG 1.2m. 2013	£3.00	£6.95
Edith Jones	Rich pink with lighter collar. 1.2m. E.G.C. 2012.	£3.25	£7.95
Fashion Monger	Cream striped red with lemon collar. 0.9m. EG. 1955	£3.25	S/O
Mary Eveline	Outstanding plum red with contrasting white collar. 0.9m. E.G. 1987	£3.25	£8.95
Pat and Perc	Apricot with yellow collar. Strong habit and good show form. 1.5m E.G. 2010	£3.25	-
Pink Pat and Perc	Lovely soft pink with white collar. A winner! 1.5m. E.G. 2014	£3.25	S/O
Pooh	Brilliant scarlet flowers, tipped yellow with yellow collar. 1.1m. CG. AGM. 1998	£3.00	£7.95
Sunshine Girl	White with yellow flush and ruffled creamy white collar. 1.5m. G.C.E. 2012	£3.25	S/O

MISCELLANEOUS

This section includes Star, Orchid, Anemone centred and single flowered Dahlias. The open centred varieties included are excellent for attracting all types of pollinators. Being very free flowering they will provide a wonderful display of colour through summer and well into the autumn. They are becoming increasingly popular because of this.

		MINI PLANT	POT TUBER
Bishop of Llandaff	Dark red single flowers and almost black foliage. 1m. G. AGM. 1928	£3.25	-
Blue Bayou	Free flowering lavender purple -a magnet for all pollinators.1.2m G.C. 2001	£3.00	£6.95
Hadrian's Midnight	Much admired deep red with black centres when young. Deep green fern like foliage. Attractive plant for the border or for pots. Our own raising. 1m. G.	£3.25	S/O
Hadrian's Sunlight	Masses of single yellow flowers with dark purple foliage. Bees and butterflies love it! 1.1m. C.G. 2014. AGM	£3.25	S/O
Hadrian's Sunset	Dark purple foliage with masses of single orange bronze flowers.1.1m. G. 2015	£3.25	£7.95
Honka	Free flowering yellow star dahlia.1m. CG. AGM. 1990	£3.00	£6.95
U Mayan Pearl	Lovely clear pink. Compact and free flowering. 1m G.C. AGM. 2005	£3.00	£6.95
Midnight Star	Pink with purple reverse. Very free flowering for garden and pots. 1m. E.G.C.	£3.00	£6.95
Purple Puff	Good garden variety with bright purple flowers. 75cm CG. 2004	£3.00	£6.95
Rosamunde	Lilac pink flowers with dark eye and almost black foliage. C.G. 1997	£3.00	£7.95
Twynings After Eight	Black foliage and single white flowers. A great contrast and an excellent garden variety. Well admired! 1m CG. AGM. 2004	£3.00	S/O

BEE AND BUTTERFLY COLLECTION

A collection of open centred varieties which will attract a wide range of pollination insects to the garden. These will also look good in the cottage garden border being very free flowering over a long period.

The following collections are of **OUR CHOICE** from this catalogue and supplied in a wide colour range with a label for each variety.

	MINI PLANT	GARDEN READY	TUBER
B5 5 Assorted for pollinators	£13.50	£26.00	£28.75
B10 5 Assorted Pairs for pollinators	£25.50	£50.50	-

WATERLILY

Attractive fully double saucer shaped flowers that are very useful as a cut flower and for garden display. Increasingly popular for exhibition where the depth of the flower should ideally be no more than half of the diameter.

		MINI PLANT	POT TUBER
Bracken Ballerina	Beautiful pale pink for exhibition. 1.2m. CEG. AM/G. 1988	£3.00	£6.95
Cameo	A beautifully formed cream waterlily with creamy yellow base. 1.2m. CEG. 1986	£3.25	S/O
Carolina Moon	Eyecatching informal white flowers edged lilac pink. 1m. CG. 1990	£3.00	£7.95
Christopher Taylor	6" blooms of glowing cerise-red on good stems. A popular garden and cutflower variety. 1.5m. CG. 1980	£3.00	£6.95
Glory van Heemstede	Clear bright yellow, strong upright habit. One of our oldest varieties but still good enough for the show bench. AGM. 1.1m. CG. AM/E. 1947	£3.00	£6.95
Gwyneth	Orange bronze with yellowish base. Good stems for cutting. E.G.C. 1.5m. 2005	£3.25	£6.95
Ken's Rarity	Pink with yellow base. Free flowering. G.C.E. 1.1m. 1997	£3.25	S/O
Kilburn Glow	Outstanding luminous magenta rose with lemon base. A quality flower for the show bench and for cutting. 1.2m E.G.C. 2012	£3.60	-
Olivia Marie	Very free flowering orange/yellow with good strong stems. 1.4m CGE. 2010	£3.25	S/O
Pam Howden	Orange yellow flowers on good stems with excellent form. ECG. 1.2m. 1995	£3.00	-
Pearl of Heemstede	Silvery pink waterlily with strong but wiry stems on compact plants. Good for cutting. 0.9m. C.G. AGM. 1984	£3.25	-
Sam Hopkins	Quite stunning deepest blackberry colour. 1.1m. CG. 2005	£3.00	£6.95
Sascha	Magnificent deep lavender with classical form. 1.2m. AGM. CE. 2002	£3.25	-
Taratahi Ruby	Outstanding red from New Zealand. 1.2m. CEG. AGM. 1999	£3.00	S/O
Vivian Russel	Well formed white with lemon base. Show bench form. CEG 1.2m 2012	£3.25	S/O

GROWING TIP

Regular feeding and dead heading will help extend the flowering of your Dahlias well into the autumn. A high potash feed will improve flower colour and help strengthen the stems.

COLLERETTE AND WATERLILY COLLECTIONS

We feel that this group of Dahlias is one of the best for using in herbaceous borders and for general planting. The waterlily types make excellent cut flowers whilst the Collerettes are extremely free flowering and are particularly good for attracting butterflies and bees into the garden. Both types can be 'stopped' when 5-7 pairs of leaves have developed and all the resulting stems allowed to flower. Disbudding of these is only necessary if growing for exhibition or if they are needed for cutting.

The following collections are of **OUR CHOICE** from this catalogue and supplied in a wide colour range with a label for each variety.

		MINI PLANT	GARDEN READY	TUBERS
WAT5	5 Assorted Waterlily	£13.50	£26.00	£28.75
WAT10	5 pairs Assorted Waterlily	£25.50	£50.50	-

WATCOL5	5 Assorted Waterlily & Collerettes	£13.50	£26.00	£28.75
WATCOLL10	5 pairs Assorted Waterlily & Collerettes	£25.50	£50.50	-

SMALL AND MINIATURE DECORATIVES

This section includes some very popular exhibition varieties but many varieties make good cut flowers and fit well into borders. Small flowered decoratives usually produce flowers 100-150mm (4-6") across. Miniature flowered decoratives are usually between 50 and 100mm (2-4") across. For exhibition purposes they must not exceed 170mm and 115mm respectively.

		MINI PLANT	POT TUBER
U	Abbie	Lavender pink with cream base. Grow 12 up. 1m. E.C.G. 2008	£3.25 S/O
	Barbary D'Amour	Stunning deep burgundy red. Parkinson Trophy Winner 2015. 1.2m. E.G.C	£3.60 £8.95
	Barbary Drum	Rich dark red with good stems and very neat form. 1.2m. E.G.C. 2014.	£3.25 £7.95
	Barbary Pip	Excellent cardinal red regularly on the show bench. E.C.G. 1.1m. 2006	£3.60 -
	Barbary Vulcan	Striking well formed blooms of rich purple. 1.2m. E.G.C. 2015	£3.60 S/O
	Blyton Everest	White with lavender flush. Good form. Grow 8 up. 1.4m. E.G.C. 2016	£3.60 S/O
	Blyton Golden Girl	Vivid yellow with good form on strong stems. Will do well on show bench. Raised by Les Stothard. E.G.C. 1.5m. 2013	£3.25 £7.95
	Blyton Romance	Lovely soft pink flowers on strong stems. 1.2m. E.C.G. 2013	£3.25 S/O
U	Blyton Stella	Stunning lavender pink, a real gem with a very high proportion of showable blooms! 1.2m. E.G.C. 2019	£4.00 S/O
	Brian's Dream	Stylish white with lavender flush. Vigorous healthy growth. 1.2m. CEG. 2001	£3.25 £6.95
	Carstone Ruby	Unfading ruby red with classic form. 1.1m. CEG. 1996	£3.00 -
	Cream Diane	Distinct cream sport from Winholme Diane. E. 1.25m. 2016	£3.25 £8.95
	David Howard	Burnt orange flowers, dark foliage. 1.2m. G. AGM. 1965	£3.00 £7.95
	Dikara Superb	Lovely sugar pink with neat formation. Top class! 1.2m ECG. .2010	£3.25 £7.95
	Edinburgh	An old favourite. Purple and white bi-colour. G.C. 1.2m. 1950	£3.00 £6.95
	Fire Mountain	Bright red with almost black foliage. Good garden variety. 1.2m. G. 1999	£3.00 -
	Gateshead Festival	Superb peachy-orange with lemon base and classic decorative form. Shows well when grown well! 1.1m. EG. 1990	£3.25 -
U	George Marston	Very dark burgundy red regularly seen on show benches. 1.2m, CGE. 2012	£3.60 £8.95
	Hillcrest Firecrest	Bright yellow with orange red tips. 1.2m. G.C. 2016.	£3.25 -
	Hillcrest Jonathan	Attractive blend of purple to white. Exceptional free flowering variety for garden and outflower. Robust habit and strong stems. 1.2m. C.G. 2010	£3.60 -

SMALL AND MINIATURE DECORATIVE AND CACTUS COLLECTIONS

These are good all round varieties with the emphasis of our selection being based on exhibition and garden use. Generally, plants should be 'stopped' at 5-7 pairs of leaves and all stems allowed to develop. For some varieties, some thinning out may be required to ensure quality blooms. The following collections are of **OUR CHOICE** from this catalogue and supplied in a wide colour range with a label indicating colour and approximate height for each variety.

		MINI PLANT	GARDEN READY	TUBERS
SMD5	5 Assorted Small/Miniature Decoratives	£13.50	£26.00	£28.75
SMD10	5 pairs Assorted Small/Miniature Decoratives	£25.50	£50.50	-
SMC5	5 Assorted Small/Miniature Cactus	£13.50	£26.00	£28.75
SMC10	5 pairs Assorted Small/Miniature Cactus	£25.50	£50.50	-
SMDC5	5 Assorted Small/Miniature Decoratives & Cactus	£13.50	£26.00	£28.75
SMDC10	5 pairs Assorted Small/Miniature Decoratives & Cactus	£25.50	£50.50	-

SMALL AND MINIATURE CACTUS AND SEMI-CACTUS

Popular exhibition varieties and good garden and cut flower types are included in this section of "spiky" Dahlias. Small varieties produce flowers from 100-150mm (4-6") in diameter but for exhibition they must not exceed 170mm. Miniature flowers can be up to 115mm (4"), and must not exceed this if showing.

		MINI PLANT	POT TUBER
Cherwell Goldcrest	Full sized quality flowers of golden yellow with hint of apricot. Compact grower. Often a late starter from tubers! 0.9m. CEG. 1996	£3.25	£7.95
Clearview Audrey	Blush pink maturing to a richer colour. Strong growing, reliable and weatherproof with good form. Grow 8-9 up to restrict bloom size. E.G.C. 1.4m. 2014. USA	£3.60	£8.95
Deborah's Kiwi	Lavender pink sport from 'Kiwi Gloria' with same excellent form. 1.1m. E. 1996	£3.00	£7.95
Doris Day	Deep cardinal-red flowers. Very free and early flowering. AM/G. 1.1m. CG. 1952	£3.00	-
Greenways Zoe	Golden yellow blends, good form. Grow 10-12 up for show. CEM. 1.2m. E.G.C	£3.25	S/O
U ♦ Hadrian's Delight	Glowing lavender pink raised by our very own Alan Burnett with strong upright habit and full bodied blooms. Reliably weatherproof. 1.5m. C.G. 2020	£4.00	£10.00
Hillcrest Jersie	Apricot and yellow blends with weather resistant blooms. 1.2m. E.G.C. 2014	£3.25	-
Indian Summer	Vivid scarlet red colour and excellent habit. 1.1m. CEG. AGM. 1979	£3.25	-
Josudi Andromeda	Stunning soft blush pink with distinctive richer toned centre. 2017. 1.4m E.C.G.	£4.00	£10.95
Josudi Aurora	Lovely blends of orange through to apricot yellow. Strong growing and free flowering. 1.5m. E.G.C. 2016.	£3.60	£9.95
Josudi Hercules	Unusual rhodonite red. Sliver Medal at NDS Trials 2016. E.C.G 1.4m. 2017.	£3.60	-
Josudi Neptune	Creamy white with magenta tips. A real eye-catcher on the bench and in the garden. 1.2m. G.C. 2016.	£3.60	£9.95
♦ Josudi Pluto	Very free flowering rich plum purple which is more naturally a true miniature than some other Josudi varieties. 1.2m. E.G.C. 2015. Raised by the late Peter Greenway with royalties being donated to the Cornish Air Ambulance at his request.	£5.00	-
Josudi Polaris	Pure white with well formed blooms. Very free flowering. 1.5m. G.C.E.	£3.60	£8.95
Kilmorie	Neat salmon apricot blooms with lemon base. 1.25m. CEG. 2002	£3.25	-
Kiwi Gloria	Top quality pale lavender pink. Benefits from an early stop. 1.1m. E. 1988	£3.00	-
Lemon Elegans	Quality pale yellow blooms with good depth. 1.2m. ECG. AM/E. AGM. 1988	£3.25	S/O
Lismore Goldcrest	Distinct pale yellow/cream sport from Oakwood Goldcrest with a slightly orange red flush. E.C.G. 1.1m. 2018	£4.00	£9.95
U ♦ Normandie	Delightful soft pink with white blends. Strong growing habit with good stems. More refined as the season progresses. 1.2m G.C.E.	£3.60	£8.95
Memories			
Oakwood Goldcrest	Yellow with occasional orange red central flush. Compact habit. E. 1.1m. 2006	£3.25	S/O
Oreti Bliss	Superb clean white blooms with excellent form on strong stems. 1.2m. EG. 2003	£3.25	-
U Parkland Rave	Lovely free flowering lilac pink giving a superb garden show. 1.2m . C.G. 2005	£3.00	S/O
Ruskin Andrea	Bright candy pink with white base. Grow 8-10up. 1.2m. EGC. 2004	£3.00	£6.95
Ruskin Marigold	An early flowering reliable vivid orange for garden and cutting. 1m. CG. 1999	£3.00	-
Ryecroft Pixie	Well formed blooms of strawberry pink. Compact habit. 1m. GEC. 2011	£3.25	S/O
Ryecroft Zoe	Peach/orange with a lemon centre. Best when grown 9-10 up. ECG. 1.2m. 2006	£3.25	S/O
Trelyn Kiwi	White with a faint lavender flush. Needs an early stop. 1.2m E.G. 1996	£3.00	£7.95
Weston Pirate	Deep blood red of excellent form. A regular winner. 1.2m. CEG. AGM. 1998	£3.25	£8.95
Weston Spanish	Outstanding bi-colour of bright scarlet with yellow base. Needs double stop if showing as a miniature. 1.2m. CEG. AGM. 2000	£3.25	£7.95
Dancer			
White Swallow	Reliable white with slightly incurving petals. 1.5m CG. 1966	£3.00	-

SMALL AND MINIATURE BALL

Some top exhibition varieties are included here but all are good for garden and cutting. These varieties have flowers of pompon formation, but larger. Up to 100mm (4") diameter for miniature ball and 100-150mm (4-6") for small ball. For exhibition purposes miniature flowered varieties must not exceed 115mm and small flowered varieties must not exceed 170mm.

		MINI PLANT	POT TUBER
Amy Cave	Superb blooms of purple maroon. Equal to any in section. 1.1m. E.C.G. 2007	£3.25	£6.95
Aurora's Kiss	Deepest wine crimson almost black. 1.1m. C.E.G. 1997	£3.00	£6.95
Barbarr Patriot	Free flowering rich fuchsia pink with good habit. 1.1m. E.G.C. 2016.	£3.60	S/O
Barbarr Primrose Hall	Classy primrose yellow that has done well on the show bench. Grows to 1.2m E.G.C 2017	£3.60	-
Blyton Lady In Red	Bright red blooms which hold colour well. Erect vigorous habit with good stems for cutting. E.C.G. 1.4m 2005	£3.25	S/O
Blyton Softer Gleam	Lovely soft orange with paler base. Excellent form and good strong stems. ECG. 1.2m. AGM. AM/E. 2003.	£3.25	£8.95
Carstone Valiant	Pillarbox red with excellent stems. A true ball! 1.1m. E.C.G. 2008	£3.25	£7.95
Cherwell Linnet	Eyecatching bright orange with burnt orange reverse. 1.4m. C.E.G. 2006	£3.60	-
Clearview Daniel	Bright yellow with good form. 1.5m. E.C.G. 2013 USA.	£3.25	-
Cornel	A classic ball Dahlia! Superb unfading red. Weather resistant. 1.1m. CEG. 1994	£3.00	£6.95
Hamari Rose	Rose pink with classic ball form. 1m. EG. AGM. 1993	£3.00	S/O
Ivanetti	Superb dark maroon purple. Excellent form and habit. 1.1m. CEG. 1999	£3.00	£6.95
Jomanda	Excellent terracotta orange. A show bench favourite. 1.4m. CEG. AGM. 1996	£3.25	-
JS Dorothy Rose	Stunning rich purple, lighter undertones. Good for cutting. 1.2m. G.C. 2011	£3.25	-
L'Anresse	Immaculate white blooms with faint lavender flush. 1.2m. EG. 1982	£3.00	£6.95
Mary's Jomanda	Rich magenta pink. A show bench favourite. 1.4m. CEG. AGM. 2002	£3.25	-
Megan Dean	Lavender pink with white base of excellent form. E.C.G. 1.5m. 2006	£3.00	-
Raspberry Valiant	Rich raspberry red sport from Carstone Valiant. Same good form with strong stems. 1.1m C.E.G. 2013	£3.25	£7.95
Rosendale Natasha	Pure white blooms of neatest form. A reliable grower with good strong stems E.C.G. 1.2m. 2005	£3.25	-
Ruskin Tangerine	Reliable bright orange for garden and cutting. Needs an early stop. 1m. CG. 1994	£3.00	£6.95
Ruth Ann	Lovely free flowering orange, good stems for cutting. 1.5m CG. CEM 2016	£3.25	S/O
Ryecroft Bella	Rich yellow with immaculate form and strong stems. A much needed true small Ball Dahlia attaining good size. 1.2m E.G.C Raiser P. Godsmark	£3.60	S/O
Ryecroft Laura	Excellent yellow with show winning form. 1.2m. CEG. 2008	£3.00	£6.95
Westerton Folly	Full bodied bright pink. Weatherproof. AGM. 1.2m. EG. 2010	£3.25	-
Westerton Pearl	We have trialled this lovely evenly coloured soft pink variety for 2 years. The superb true ball formation has helped ensure that it is already in high demand so I am sure we will see a lot of this around the shows in the future. 1.2m E.G.C. Raised by Gordon Hodgson who, along with his brother Harold, has requested that royalty payments be donated to The Motor Neurone Disease Association.	£5.00	-

CUT FLOWER AND GARDEN COLLECTIONS

Our choice of varieties from the Small and Miniature sections including Waterlily types. Stems can be either disbudded to give longer stems for cutting or left to grow naturally. Either way a superb show from August onwards. This is the only collection we offer that can be supplied as White to Purple shades or Cream to Red Shades - please specify otherwise a mixed selection will be supplied. All come with a label indicating colour and approximate height.

		MINI PLANT	GARDEN READY	TUBERS
CUTFLO5	5 Assorted for Cut Flower & Garden	£13.50	£26.00	£28.75
CUTFLO10	5 pairs Assorted for Cut Flower & Garden	£25.50	£50.50	-
CUTFLO20	10 pairs Assorted for Cut Flower & Garden	£47.00	-	-
CUTFLO50	50 plants (10 varieties) Assorted for Cut Flower & Garden	£105.00	-	-

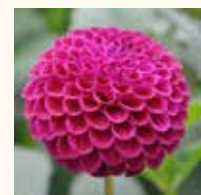

GROWING TIP

As with Chrysanthemums, whether growing indoors or outside, it is important to support the flowering stems of Dahlias with canes or stakes, regularly tying them in as the plants grow.

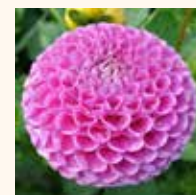

POMPON

Often described as "Golf Balls on sticks" these tend to be more popular with exhibitors for the show bench but deserve a try in the garden as well. Free flowering. The flowers of these varieties all have round honeycomb formation and, for exhibition, must not exceed 55 mm in diameter except in the case of Large poms (LPom) which should not exceed 83 mm.

		MINI PLANT	POT TUBER
Aurwen's Violet	Rich dark purple. 1.1m. EG. 1998	£3.00	£6.95
Franz Kafka	Free flowering with masses of lilac pink flowers. 1.2m. G.E.C. 1974	£3.25	S/O
Gurtla Twilight	A pompon of precise form; white base with pink blush. 1.1m. E. 1996	£3.25	-
◆ Hallmark	Pink with lavender blends. A good selection of this old variety that dates back to 1960, courtesy of Stuart Clensy. 1.2m E.G.C	£3.60	-
Ivor's Rhonda	Very popular lilac for exhibition. 1m. E.G	£3.25	-
Jodie Wilkinson	Lovely apricot with lemon tones. CEM. 1.2m. C.E.G. 2012	£3.25	S/O
Jons's Twilight	Yellow sport of Gurtla Twilight. Synonymous with Hollywood Twilight. Free flowering with good form. 1.2m. E.G. 2019.	£3.60	-
Lismore Carol	Vibrant orange-red sport. Identical good form. 1.1m. EG. 2000	£3.00	S/O
Lismore Moonlight	True yellow pom of quality. 1.1m. EG. 1998	£3.25	£6.95
◆ Maya's Rhonda	A reliable sport from Ivor's Rhonda selected by Stuart Clensy. Rich purple with silvery reverse so it is similar to Whale's Rhonda but has more vigour and is more consistent in its colouring. 1.1m. E.G.C.	£3.60	-
Minley Carol	Excellent light orange with yellow blends to base. AGM. 1.1m. EG. 1983	£3.00	£6.95
Moor Place	Deep maroon purple. Reliable. HC. 1.1m. EG. AM/E. 1957	£3.00	£7.95
Ms. Kennedy	Rich flame orange. Medaled at Golden Acre Park 2014 1.5m E.G.C.	£3.25	S/O
Nuland's Josephine	With a colour reminiscent of rhubarb and custard sweets this has classic pom formation with flowers held well on good stems. CEG. 1.2m. 2005	£3.25	S/O
Rhonda	Perfect pale lilac. 1m. EG. 1947	£3.25	£7.95
Rosemary Dawn	Delightful blends of orange and peach with excellent Pom formation. Bronze award, NDS Exhibition Trials in 2017. Raiser Peter Greenway. 1.2m. E.G.C	£3.60	S/O
Ryecroft Blackberry	Stunning dark red changing to a rich burnt orange/red as the season progresses. Occasional white petals may appear on later blooms. 1.2m. E.G.C	£3.60	£7.95
Small World	The best white pompon occasionally with purple fleck 1.1m. EG. AGM. 1967	£3.00	£7.95
Whale's Rhonda	Deep purple with silvery reverse. 1m. E.G	£3.25	-
Willo's Borealis	Superb lavender blooms of exhibition quality. 1.1m. E. 1978	£3.00	£6.95
Willo's Violet	Violet with white base and superb form. 1.1m. EG. 1937	£3.00	£6.95
Winkie Lambrusco	Outstanding orange red from Australia. Strong growing habit. 1.5m. GEC. 2013	£3.25	S/O

POM AND BALL DAHLIA COLLECTIONS

Pompons are dainty flowers that only reach about 50mm (2") across. Ball dahlias have flowers up to 150mm (6") across. Both types can be 'stopped' when 5-7 pairs of leaves have developed and all the resulting stems allowed to flower. Disbudding is only necessary if growing for exhibition or for cut flowers as this gives longer stems.

The following collections are of **OUR CHOICE** from this catalogue and supplied in a wide colour range with a label for each variety.

	MINI PLANT	GARDEN READY	TUBERS
SMB5 5 Assorted Small/Miniature Balls	£13.50	£26.00	£28.75
SMB10 5 pairs Assorted Small/Miniature Balls	£25.50	£50.50	-
POM5 5 Assorted Poms and Large Poms	£13.50	£26.00	£28.75
POM10 5 pairs Assorted Poms and Large Poms	£25.50	£50.50	-
SMP5 5 Assorted Small/Miniature Balls & Poms	£13.50	£26.00	£28.75

BEDDING

The following are short enough not to require staking and will cover themselves with blooms from July to frosts. Varieties marked PP are particularly suitable for growing in pots. Those marked PBR are varieties protected by plant breeders' rights.

		MINI PLANT	POT TUBER
Art Deco	Burnished bronze with copper reverse. 30-40cms. AGM. PBR. PP.	£3.00	-
Art Nouveau	Striking pink with purple reverse. 30-40cms. AGM. PBR. PP.	£3.00	-
Bishop of Canterbury	Single cerise purple flowers with contrasting beetroot coloured foliage which makes a very attractive garden plant. Also good in pots. 75cms. 2004	£3.00	-
Crème de Cassis	Pale lilac flowers with purple reverse. Good choice for pots. 60cms. G. 2014	£3.25	-
Hadrian's Glowing Embers	One of our own seedlings with the dark central disc being surrounded by peach/orange petals, each with a red base which is more notable earlier in the flowering season. The flowers really stand out against the backdrop of very dark foliage. Superb garden variety attracting all manner of pollinators. 90cm	£3.60	-
U Magenta Magic	Dark magenta petals, edged light pink. Purplish/black foliage. 50cms.	£3.00	-
U Matilda Huston Moonfire	Vivid cerise red; will become very popular. (NZ). 60cms. 1978	£3.00	-
	Eye-catching deep gold with vermilion centre. Dark Foliage. 60cms. AGM. 1998	£3.25	-
Park Princess	Flowers bright pink with white base. 60 cms. 1959	£3.00	-
Preston Park	Scarlet flowers and almost black foliage. 30cms. AGM. 1969	£3.00	-
U Spanish Conquest	Very free flowering orange with bronze reverse. Good in the garden for the front of the border and in pots. Raiser Ken Stock. 45cm. 2008. PP	£3.00	-
Yellow Hammer	Yellow flowers with contrasting black foliage. 45cms. AGM. 1966	£3.00	-

BEDDING AND PATIO DAHLIA COLLECTIONS

Our choice of 5 compact and free flowering varieties which are suitable for the front of the border or for growing in pots and containers. Feed regularly and remove dead and faded flowers to prolong flowering

GENERAL TERMS

THIS CATALOGUE CANCELS ALL PREVIOUS CATALOGUES. PRICES QUOTED APPLY UNTIL 30th JUNE 2020. **PLEASE READ CAREFULLY BEFORE ORDERING.**

PAYMENT WITH ORDER PLEASE

This enables us to minimise clerical work in our busy season and keep prices down.

- Please make cheques and postal orders payable to W.N.Hall & Sons Ltd.

- Regretfully any cheques returned unpaid will incur a £15.00 charge

- Credit/Debit cards will be charged on placing your order.

- Minimum order value £10.00 excluding carriage and packing

ORDER DEADLINES

Early ordering enables us to plan our production more efficiently thus helping to keep costs down. As all our plants are rooted to order it also helps us ensure that we have available the plants you require and to this end we ask that you place your order a minimum of 5 weeks in advance of your requirements.

We are therefore unable to accept orders after March 20th for Chrysanthemums and April 17th for Dahlia Mini plants and Garden Ready Dahlias unless on a "Substitutes Acceptable" or for one of our special collections

Stocks of Pot Tubers are limited so early ordering is advisable.

We regret we are unable to accept telephone orders and would kindly request that all orders are submitted on the order form provided or placed through our secure website at www.hallsofheddon.co.uk

ACKNOWLEDGEMENT

All orders will be acknowledged by post and an order number given. This number should be retained until the order is completed and should be quoted in the event of any correspondence concerning the order.

Please check that we have your details recorded correctly to ensure you receive your plants safely. Your acknowledgment will also give an estimated delivery period based on facilities available and date required as per the information you provide on the order form.

We will make every effort to supply plants during the period requested but delays may occur in periods of high demand.

SUBSTITUTES

In the event of a variety being sold out, we reserve the right to substitute a similar variety unless specified as "No Substitutes" on the order form. We will always try to match the variety as closely as possible. Please use the order form to indicate whether flower colour or variety classification is the priority for substitute choice.

CARRIAGE AND PACKING CHARGES TO ALL UK DESTINATIONS (INSURED)

Dahlia Pot Tubers: £6.95 regardless of the number of Tubers ordered. Generally sent 2nd Class Post

Dahlia Mini Plants and Chrysanthemums: £6.95 regardless of quantity ordered. Sent 1st Class Post

Garden Ready Dahlias: £8.95 regardless of the number of plants ordered. Sent 1st Class Post

Please Note: Due to different availability periods we cannot combine the above so separate carriage charges will apply as they will effectively be treated as separate orders.

COLLECTION OF ORDERS AND PERSONAL CALLERS

Customers can collect their orders at either our West Heddon or Ovington Nurseries (see order form) in which case there will be no carriage charge. We will advise when the order is ready for collection. We will also have a range of Chrysanthemums and Dahlias available in our plant sales area from April and May respectively.

GENERAL TERMS (continued)

ORDERS FOR PLANTS TO EIRE AND MAINLAND EUROPE

Due to the uncertainties surrounding BREXIT and the implications it may have on plant health controls we are unable to accept any orders for destinations outside the UK for this season.

PLEASE NOTE The use of postal hotels will invalidate our plant guarantee and we will not be liable for any failures in delivery or plant survival.

PRIVACY POLICY

You have received this catalogue as you have ordered from us in the last 3 years or requested to be added to our mailing list. Your personal information will not be passed on to third parties. We will however, retain your details for the purpose of communicating with you about your order and for our own marketing purposes. We will automatically send you a new season's Main Catalogue for 3 years from the date of your last order and an Advance List for the following season. You can opt out of this at any time by emailing us at enquiry@hallsfheddon.co.uk, telephone us on 01661 852445, or write to us. All information is collected lawfully and in accordance with the General Data Protection Regulations 2018. Full details of our Privacy Policy can be found on our website.

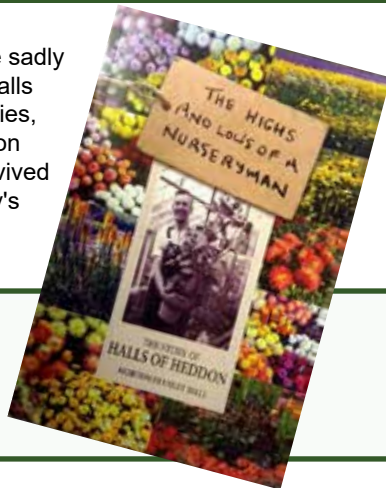

For full terms and conditions and more details on the type of plants you will receive, please visit our website at www.hallsfheddon.co.uk

GUARANTEE. All green plants are despatched by first class post or next day courier service to ensure you receive them in the best possible condition. Please contact us immediately if any plants fail to satisfy on arrival. We will replace or refund the full cost of the plants providing they are returned to us within 7 days. For pot tubers please see relevant section under DAHLIAS.

THE HIGHS AND LOWS OF A NURSERYMAN

Published just after his 90th Birthday and the year before he sadly passed away, Morton Stanley "Stan" Hall tells the story of Halls of Heddon, drawing from his and other family members' diaries, letters, jottings and memories. He recounts how, starting soon after the end of the First World War, the family business survived highs, lows and family tragedy to become one of the country's leading Dahlia and Chrysanthemum nurseries.

CULTURAL INFORMATION

Halls of Heddon growing guides can be found on our website under the Dahlia or Chrysanthemum heading. Alternatively hard copies can be supplied by post at a cost of **25p** each by ticking the relevant box on the order form.

CHRYSANTHEMUMS

Chrysanthemums are supplied as strong rooted cuttings grown in individual cells ready for potting into at least a 9cm pot and are available from February to Mid May. Orders for other than our special collections must be received before March 20th.

Please indicate clearly on the order form when plants are required bearing in mind that a minimum of 5 weeks notice is required as cuttings are taken to order. We would suggest the following guidelines to help you determine when it is best for you to receive your plants depending on the facilities you have available:

	SOUTHERN ENGLAND	MIDLANDS	NORTHERN ENGLAND	SCOTLAND
HEATED GREENHOUSE	February			
COLD GREENHOUSE	Mid-March	End March	Early April	Early April
COLD FRAME	Early April	Mid April	Mid - End April	End April
NO PROTECTION	Mid - End April	End April - Early May	Early - Mid May *	May *

* Chrysanthemums are supplied as rooted cuttings and it would be advantageous to pot up and grow on before planting out

SUGGESTED STOPPING DATES

For those of you that are showing it is important to have an idea of "stopping" dates. To assist exhibitors in timing their blooms we have now included suggested stopping dates for each variety within their descriptions. These dates are intended as a guide only and are based on aiming for show dates of early/mid September and early/mid November in the North East of England. Adjustments should be made for earlier or later shows. Due to longer day length, growers in the south of the country should delay these suggested dates by up to 4 weeks whilst more northerly growers than ourselves would need to stop up to 2 weeks or so earlier. As an extremely rough guide delay stopping by 1 week for every 100 miles south of Newcastle and bring forward by 1 week for every 100 miles further north. If you are not aiming to grow for shows then these stopping dates become much less critical with a delay in stopping only resulting in a corresponding delay in flowering. The serious grower will keep their own records from year to year to assist them in timing for shows.

Please Note: Depending on when your order is received and the period you have requested delivery of your order, some of these suggested dates may have been missed. This will not affect the plant, but may result in some varieties flowering later than indicated.

When it comes to late flowering varieties you will see that most have 2 stopping dates suggested. Exhibitors will tend to flower on 2nd crown buds as this gives the plant a longer growing season, a bigger root system and therefore generally better flowers. Perfectly good results when growing for pleasure can however be achieved on later delivered plants by just using the later date given for the 2nd stop.

QUANTITY DISCOUNTS FOR CHRYSANTHEMUMS

Apply only when 3 or more of the **SAME** variety are ordered.

EACH RATE	£2.95 each	£3.25 each	£4.00 each

EARLY FLOWERING CHRYSANTHEMUM BLOOMS

SEPTEMBER FLOWERING

The following varieties all **£2.95** each, 3-4 plants of the same variety **£2.80** each, 5-9 plants of the same variety **£2.65** each, 10 or more of the same variety **£2.50** each

EARLY INCURVE BLOOMS

Blooms have close, firm and tightly formed incurved florets (petals) which should form a perfect globe. These will normally flower in September depending on cultural practices and stopping dates of which a suggested date (for northern growers) is given in brackets. After stopping restrict the number of breaks (stems) on each plant to 3-5 stems.

23b *	Bronze Max Riley	Striking bronze of tightly incurving form. AGM. CE. (15/4) 1.2m 1993
23b	Egret	Classic white incurve which is a regular winner. E. PC/E. (1/5) 1.4m. 1985
23b *	Max Riley	Hard petalled true incurve of deepest yellow. PCE. AGM. (15/4) 1.2m. 1988
23b	Music	Excellent true incurve of an attractive bright pink. CE. (15/4) 1.4m. 1991
23b	Peter Rowe	Tightly incurved deep yellow. AMC/E. (25/4) 1.2m. 1974

EARLY REFLEX BLOOMS

Blooms have drooping florets (petals) which should reflex gracefully and overlap one another to give a fully reflexed bloom - an umbrella effect. These normally flower in September depending on cultural practices and stopping dates of which a suggested date (for northern growers) is given in brackets. After stopping restrict the number of breaks (stems) on each plant to 3-5 stems.

24a	Anne Jones	Very tidy large flowered cream reflex PD/E. 1.4m. (1/5)
24a	Apricot Courtier	Fine apricot sport from 'Courtier'. E. (11/5) 1.2m. 1985
24b *	Bronze Matlock	Rich bronze sport from 'Matlock' with same superb form. CE. (15/5) 1.2m. 1992
24b	Christopher Lawson	Superb bright crimson reflex for exhibition. E. AME. DE. (1/4) 1.5m. 1994
24a	Courtier	Bright pink with good depth. Superb form. PCE. AME. E. (1/5) 1.2m. 1982
24a	Dorridge Crystal	Immaculate shining white reflex. E. (15/4) 1.2m. 1988
24b *	George Griffiths	Dark red fully reflexed blooms for exhibition. E. AGM. (25/4) 1.4m. 1979
24a	Golden Courtier	Deep gold sport of 'Apricot Courtier'. E. PC/E. (1/5) 1.2m. 1990
24b *	Matlock	Glowing vermillion red. Neat form and good depth. CE. (15/5) 1.2m. 1986
24b	Maxine Charlton	Lovely clear shell pink. E.C. (10/4) 1.2m. 2009.
24b *	Membury	Bright flame scarlet of ideal habit. PCC. C. AGM. (10/5) 1.2m. 1978
24b	Migdale	Brick red for exhibition or garden. Good depth. 1.2m. (1/5)
24a	Peach Courtier	Beautiful pure peach sport from 'Courtier'. E. (1/5) 1.2m. 1993
24b	Thoroughbred	Very large dark purple blooms of deep reflexing form E. PC/E. (25/4) 1.3m. 1994
24b	Venice	An extremely neat reflex of vivid pink. Outstanding. AME. E. (25/4) 1.2m. 1978
24a	Yellow Courtier	Distinct light yellow sport from 'Courtier'. PCE. E. (1/5) 1.2m. 1991

EXHIBITION EARLY BLOOM COLLECTIONS

Our choice of good and reliable varieties including Intermediate, Incurve and Reflex varieties chosen for their exhibition qualities. Flowers from end August to October depending on stopping dates. Can be supplied as all Incurve and Intermediate (Please add "N" to code) or all reflexing varieties (please add "R" to code). Collections may include early and mid-season varieties as many of these are shown at early shows

E10	5 Pairs (10 Plants)	£25.00
E21	21 Plants in 7 varieties (3 of each)	£47.00

EARLY INTERMEDIATE BLOOMS

The following varieties all **£2.95** each, 3-4 plants of the same variety **£2.80** each, 5-9 plants of the same variety **£2.65** each, 10 or more of the same variety **£2.50** each

Blooms do not form a perfect globe and the florets (petals) may incurve closely and regularly or loosely and irregularly. These generally flower in September depending on cultural practices and stopping dates of which a suggested date (for northern growers) is given in brackets. After stopping restrict the number of breaks (stems) on each plant to 3-5 stems.

25b *	Allouise	Delightful clear pink, broad petalled incurving blooms. C. AGM. (10/5) 1.2m. 1976
25b *	Astro	Slightly incurving bloom of rich orange. C. (20/4) 1.5m.
25b	Barbara Dakin	Light bronze, good weather resistance. PD/E E.C. 1m. (1/5)
25a	Bill Wade	White intermediate of immense size and excellent form. PCE. E. (1/4) 1.2m. 1980

OUTDOOR BLOOMS FOR GARDEN AND CUTTING COLLECTIONS

Our choice of easy to grow cut flower and garden varieties chosen for their ability to flower well outside without the need for protection. After pinching out the growing tip allow 4-5 flowering stems to develop on each plant. Remove all but the terminal flower bud to achieve better quality and give good stem length for cutting. Flowers from end of August depending on stopping date. All growing between 1m and 1.4m

MID-SEASON FLOWERING CHRYSANTHEMUM BLOOMS

OCTOBER FLOWERING

The following varieties all **£2.95** each, 3-4 plants of the same variety **£2.80** each, 5-9 plants of the same variety **£2.65** each, 10 or more of the same variety **£2.50** each

MID-SEASON INCURVE BLOOMS

Blooms have close, firm and tightly formed incurved florets (petals) which should form a perfect globe. These will all generally flower in October depending on cultural practices and stopping dates. A suggested date for northern growers aiming for September shows is in **red**, and for late shows in (). Both stopping dates shown in () indicates a variety best grown on a double stop for late shows only. After stopping restrict the number of breaks (stems) on each plant to 3-5 stems. These are often grown in pots and are suitable for flowering in a cold greenhouse.

- | | | |
|-----|-----------------------------|---|
| 13b | Bryony Wade | Tightly formed light purple (15/4 and 25/6) 1.5m. 2004 |
| 13b | John Hughes | First class pure white incurve. PCE. AME. 1/4 and (10/6) 1.2m. 1974 |
| 13b | Joyce Frieda | Superb tightly incurved bloom of bright yellow. PC/E. 10/4 (20/6) 1.4m. 2001 |
| 13b | Kay Woolman | Pure white incurve of the highest quality. PD/E. (1/4 and 1/6) 1.2m. 1995 |
| 13b | Lakelanders | Refined pink incurve of excellent form. PCE. (10/4 and 10/6) 1.5m. 1987 |
| 13b | Lorna Wood | Hard petalled white PCE. CH 1/4 and (1/6) 1.4m. 1989 |
| 13b | Primrose Kay Woolman | Tightly formed primrose yellow. Resistant to damping. (1/4 and 20/6) |
| 13b | Yellow John Hughes | Reliable yellow. AMG. 1/4 and (10/6) 1.2m. 1978 |

MID-SEASON REFLEX BLOOMS

Blooms have petals (florets) that reflex backwards giving an umbrella effect. These will all generally flower in October depending on cultural practices and stopping dates. A suggested date for northern growers aiming for September shows is in **red**, and for late shows in (). Both stopping dates shown in () indicates a variety best flowered on 2nd crown buds on a double stop for late shows only. After stopping restrict the number of breaks (stems) on each plant to 3-5 stems. These are often grown in pots and are suitable for flowering in a cold greenhouse.

NOVEMBER FLOWERING

The following varieties all **£2.95** each, 3-4 plants of the same variety **£2.80** each, 5-9 plants of the same variety **£2.65** each, 10 or more of the same variety **£2.50** each

LATE INCURVE BLOOMS

Usually grown in pots in a soil-based compost these would normally be grown outside and moved into the greenhouse just before buds break into colour, flowering in the greenhouse from late October into November. These varieties are normally flowered on 2nd crown buds (stopped twice). Suggested stopping dates are shown in () for flowering end October - early November in the North of England. For exhibition purposes only 2 or 3 blooms should be allowed to fully develop on each plant though more can be allowed when blooms are just for cutting.

INCURVE AND INTERMEDIATE GREENHOUSE CHRYSANTHEMUMS

N10 Chrysanthemum blooms for flowering in a heated greenhouse from October to December. Plant in pots in the greenhouse from March. Pot into 20-25cm (8-9") pots in June and grow outside from June to September. For use as cut flower they can be stopped mid-June and brought back into the greenhouse from September just before the flower buds start showing colour. The following collections are available:

N10 Incurve and Intermediate varieties - 5 Pairs (10 Plants) £25.00

RED SHIRLEY MODEL

WOOLMAN'S STAR

GROWING TIP

As flowering times vary with each variety and from region to region it is well worth keeping a diary of your stopping dates for future reference, particularly if you are interested in showing.

LATE INTERMEDIATE BLOOMS

The following varieties all **£2.95** each, 3-4 plants of the same variety **£2.80** each, 5-9 plants of the same variety **£2.65** each, 10 or more of the same variety **£2.50** each

These are all late October to December flowering subject to cultural practices and stopping dates and need a heated or at least frost free greenhouse. Generally incurving flowers although not as tightly balled as the true incurves. For exhibition purposes restrict to 2 or 3 blooms per plant, more if just for cut flower. Normally grown in pots in a soil-based compost outside and moved into the greenhouse just before buds break into colour. Most varieties are normally flowered on 2nd crown buds (stopped twice). Suggested stopping dates shown in () for the first stop and red (2nd stop) are for flowering end October - early November in the North of England. By delaying stopping from the dates indicated some varieties will flower up to Christmas.

5b	Balcombe Perfection	Large full blooms of amber-bronze for December. AM. (20/5) 1/7.1.2m. 1950
5b	Beacon	A superior bloom of very bright red with gold reverse. AGM. (20/5). 1/7.1.2m. 1956
5b	Bronze Cassandra	Large semi-incurving bronze for December. AGM. (20/5) 5/7.1.2m. 1973
5b	Cassandra	Large semi-incurving pink for December. AGM. (20/5) 5/7.1.2m. 1972
5b	Elizabeth Lawson	Top class yellow for exhibition. AME. PDE. (10/4) 5/6 1.5m. 1994
5b	Golden Cassandra	Large semi-incurving deep gold (20/5) 5/7.1.2m. 1979
5b	Red Balcombe Perfection	Red sport from this well-known variety. December. (20/5) 1/7. 1.2m. 1951
5b	Sam Vinter	Pure white intermediate of very large size. PCE. (20/5) 1.5m. 1972
5b	White Cassandra	Large semi-incurving creamy white for December. (20/5) 5/7. 1.5m. 1978

GREENHOUSE FANTASY CHRYSANTHEMUMS

The following varieties all **£3.25** each, 3-4 plants of the same variety **£3.10** each, 5-9 plants of the same variety **£2.95** each, 10 or more of the same variety **£2.80** each

These unusual Chrysanthemums are gaining a following and proving to be increasingly popular. Culture is similar to other greenhouse Chrysanthemums with plants generally flowering end of October-December. We have given each variety a suggested stopping date for flowering end October - early November in the North of England.

10a	Chesapeake	Creamy white November flowering. (Stop 30/4 and 30/6) PCE. PDE. 1.5m. 1999
10b	Coral Reef	Bronze quilled petals. PCE/PDE. stop (10/4 and 5/7) 1.5m. 2004
10b	Golden Rain	Lovely yellow, petals curl at the tips like raindrops! (Stop 20/3 and 10/6) AGM. 1.5m. 1999
10a	Golden Splendour	Reliable bright yellow. (Stop 20/5) 1.3m.
10b	Kiyomi No Meisui	Creamy white flowers Nov/Dec. (Stop 25/4 and 25/6) 1.5m. 2005
10a	Salhouse Joy	Light purple thread like petals. PCE. PDE. (Stop 25/4 and 25/6) 1.5m. 2000
10a	Senkyo Kenshin	Light orange bronze with deeper centre. (Stop 25/4 and 25/6) 1.6m. 2005
10a	Symphony	A lovely light orange bronze. (Stop 25/4 and 25/6) 1.5m. 1999

DECEMBER AND CHRISTMAS FLOWERING COLLECTIONS

D10 - Specially selected from the later flowering Chrysanthemums to give flowers from end November through to end December (as long as it's not too mild!) Includes both Intermediate and Reflexing types. Plant in pots in the greenhouse from April onwards and move outside from June to September. For use as cut flowers they can be stopped end July and brought back into the greenhouse from September.

10 plants of our choice in 5 varieties for flowering end of November to December
£25.00

ASSORTED GREENHOUSE COLLECTION

Our selection from across the full range of greenhouse flowering Chrysanthemums which will flower from October to December depending on variety. Plants can be grown outside in 20-25 cm pots during the summer months and brought into the greenhouse to flower just before the buds start to show colour.

A10	5 Pairs (10 Plants)	£25.00
A21	21 Plants in 7 varieties (3 of each)	£47.00
A35	35 Plants in minimum of 7 varieties	£71.75

SPRAY CHRYSANTHEMUM - GENERAL INFORMATION

Flowering from August to October these are relatively easy to grow and make excellent cut flowers. All varieties require only to be "stopped" (the growing tip pinched out) at about 15-20cms (6-8") when they are growing strongly and all the resulting growth tied in. Unlike the blooms, no disbudding is required but if you are growing for exhibition only 5 or 6 buds should be allowed to develop at the top of each stem. These should be selected for evenness in height, development and spacing with the aim of having as even a head of flowers as possible. We have given each variety a suggested stopping date shown in () for flowering mid-September in the North of England.

EARLY DOUBLE FLOWERED SPRAYS

Fully double with a number of flowers developing on each stem this section includes varieties useful for exhibiting (E), floral arranging and late summer colour in the garden.

The following varieties all **£2.95** each, 3-4 plants of the same variety **£2.80** each, 5-9 plants of the same variety **£2.65** each, 10 or more of the same variety **£2.50** each

29c	Bronze Dee Gem	Distinctive copper with contrasting crimson centre. E.Sept/Oct. CG (5/5) 1m. 1992.
21c	Chatsworth	Rich orange bronze. Lovely old variety ideal for the mixed border. G.C. 1m. 1949
29c	Dee Gem	Eye-catching lilac with purple centres. E. Sept/Oct. AGM. (5/5) 1m. 1978
29c	Heide	Reliable sparkling white for garden and cutting. AGM. 1m (1/6). 1973
29c	Karen Taylor	Strong growing non-fading red double. E. AGM. (15/5) 1.2m. 1998
22c	Linda	Heather pink with attractive dark centre. AGM. (1/5) 1.2m. 1994
29e	Myss Debbie	Bright shiny buttercup yellow. PCE. (15/5) 1.2m. 2006
29c	Myss Dorothy	Reflexing creamy white, excellent form and good flower placement. E. PCE. (10/5) 1.2m. 2010.
29c	Myss Rihanna	Lovely deep red exhibition ECG. (7/5) 1.2m. 2008
29c	Myss Saffron	Bright yellow with good sprays. Early Sept. PCE. PDE. AGM. (15/5) 1.2m. 2004
29c	Pat Bahn	Bright yellow. Strong grower taking 7 flowers per stem on 4 up. 1.2m. (15/5). 2013
	Pennine Bullion	Excellent double of light orange bronze. (10/5) 1.2m.
19e	Pennine Point	Purple double with an incurving form. Good for cutting. (10/5) 1.1m. 1998
29c	Roen Sarah	Bright bronze double of unusual intermediate form. PC/E. PD/E. (10/5) 1.1m. 2002
29c	Yellow Heide	Deep sparkling yellow of ideal habit. AGM. (1/5) 1m. 1995

EARLY SINGLE AND ANEMONE FLOWERED SPRAYS

NEW AND RECENT RELEASES FROM ROD FOX

Jan Jones
(29d)

NEW

Raised by Rod Fox and in his opinion one of the best cultivars that he has raised, A very large flowered, strong growing, glowing white single with abundant layers of petals and a quality eye having natural terminal spray form and a good weatherproof constitution. A strong healthy grower which flowering at 1.1 m is bound to be a favourite with the exhibitor, particularly southern growers, who look for cultivars which don't fade in the heat.

£4.00 each. 3-4 plants of the same variety **£3.85** each, 5-9 plants of the same variety **£3.70** each, 10 or more plants of the same variety **£3.55** each.

Tonto (29d)
2019

Bright red with a good central disc and well spaced pedicels. Similar to Finn Little but, in Rod's words, this a much better flower for the exhibitor, with more even petal distribution and better control over flowering time. 1.2m. (15/5)

£3.25 each. 3-4 plants of the same variety **£3.10** each, 5-9 plants of the same variety **£2.95** each, 10 or more plants of the same variety **£2.80** each.

GROWING TIP

Garden Sprays are easy to grow producing good stems of long lasting cut flower. They make a useful addition to the flower border for Autumn colour.

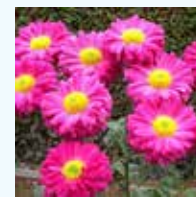

EARLY SINGLE AND ANEMONE FLOWERED SPRAYS

The following varieties all **£2.95** each, 3-4 plants of the same variety **£2.80** each, 5-9 plants of the same variety **£2.65** each, 10 or more of the same variety **£2.50** each

- 29d **Bronze Enbee Wedding** Glowing light bronze sport. E. AGM. (15/5) 1.2m. 1990
- 29d **Cerisa** Rich cerise pink with evenly spaced flowers on good length pedicels. Will do well inside or out. Suggested stopping date is early May. 1.2m. E.G.C. 2016
- 29d **Edina** Lovely clear pink single spray with well spaced pedicels which develop into an even flat headed spray - one of the most naturally perfect sprays. 2014
- 29d **Enbee Wedding** A really delightful clear pink; excellent habit. AGM. PCC/E. E. (15/5) 1.2m. 1985
- Finn Lyttle** Vivid non-fading blood red with exceptionally healthy foliage. The pedicels are well spaced and level with a wealth of petals and a good disc making it a top quality exhibition cultivar. Flowers early September from mid-May stop. 2017
- Frizbee** Robust orange bronze with extremely neat non-fading disc shaped flowers. An easy to grow exhibition cultivar which probably won't require any spacers. Grow 3 to 4 up for exhibition. Flowers naturally in early September. 1.2 m. 2017.
- Gold Hoagy** Bright golden amber sport with the same qualities of form and habit. 1.2 m. 2018
- 29d **Hoagy** An excellent bronze with large flowers on strong pedicels. D/ME. (10/5) 1.2m. 2010
- 29d **Honey Enbee Wedding** Beautiful honey coloured sport. E. (15/5) 1.2m. 1991
- 29d **Natalie Sarah** Proven clear white. PCE. PDE. AGM. (15/5) 1.1m. 2006
- 29d **Orange Enbee Wedding** Bright orange sport. E. (15/5) 1.2m.
- 29d **Pacific Lady** Clear bright yellow flowers with nice form. 15/5. 1.2m. C. 2015
- 29d **Peach Enbee Wedding** Beautiful peach sport from 'Enbee Wedding'. E. AGM. (15/5) 1.2m. 1990
- 29d **Peach Southway Sheeba** Peach sport of this popular show variety. E.G.C. 1.2m. 2013
- 29a **Pennine Oriel** Beautiful silvery oyster, lemon centre. C.E. G. AGM. (15/5) 1.1m. 1982
- 29d **Pennine Polo** A first class fresh coloured white with a green eye. AGM. (15/5) 1.1m. 1990

GARDEN SPRAY COLLECTIONS

- Our choice of double and single flowered varieties in a good colour range.
- Ideal for the cutting garden and adding late summer colour to the mixed border.
- Flowering from August to October.
- After removing the growing tip (stopping) allow 4-5 stems to develop for flowering. No disbudding is required on spray varieties.
- All supplied with labels detailing flower colour and approximate height.

S10	5 Pairs (10 Plants)	£25.00
S21	21 Plants in 7 varieties (3 of each)	£47.00
S35	35 Plants in 7 varieties (5 of each)	£71.75
S50	50 Plants in at least 10 varieties	£92.50

DOUBLE FLOWERED SPRAY COLLECTIONS

- Our choice of easy to grow varieties flowering from the end of August through to October.
- Ideal for cutting and flower arranging.
- Allow 4-5 stems per plant for garden show
- All supplied with labels detailing flower colour and approximate height.

M10	5 Pairs (10 Plants)	£25.00
M21	21 Plants in 7 varieties (3 of each)	£47.00
M35	35 Plants in 7 varieties (5 of each)	£71.75
M50	50 Plants in at least 10 varieties	£92.50

SINGLE FLOWERED SPRAY COLLECTIONS

- Our choice of easy to grow varieties for cutting and flower arranging.
 - Grow 4-5 stems per plant.
 - Flowering generally from the end of August - October
 - Highly attractive to Butterflies and Bees.
- For details of the varieties that may be included please see pages 42-43**

SGL10	5 Pairs (10 Plants)	£25.00
SGL21	21 Plants in 7 varieties (3 of each)	£47.00
SGL35	35 Plants in 7 varieties (5 of each)	£71.75
SGL50	50 Plants in at least 10 varieties	£92.50

CHARM AND CUSHIONMUM COLLECTIONS

The following collections are our choice supplied in a wide colour range and are ideally suited for front of the border and for growing in pots where they will make an ideal autumn flowering patio plant

GM10	10 Plants in 5 varieties	£25.00
GM21	21 Plants in 7 varieties	£47.00

CHARM CHRYSANTHEMUMS including CUSHION MUMS

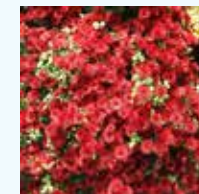

Flowering naturally from September through to December depending on variety, these are ideal for growing in pots, either 1 plant to a 15cm pot or 3 plants to a 25-40cm pot or at the front of borders, particularly the September flowering varieties. All will benefit from at least one pinching out of the growing tips to produce bushier, more dome shaped plants with more flowers. Later flowering varieties may need some protection though we have had them flowering outside in late November in a sheltered, sunny spot. (22=September flowering, 12=October, November flowering.)

The following varieties all £2.95 each, 3-4 plants of the same variety £2.80 each, 5-9 plants of the same variety £2.65 each, 10 or more of the same variety £2.50 each

22	Barbara	Pompon type flowers of deep pink. 30-40cm. 1993
22	Bravo	Brightest crimson/red. 30-40cm. AGM.1995
12	Cassablanca	Lovely golden amber flowering early October onwards. 45cms.
12	Gladys	Single magenta pink with paler tips. November. 45cm.
12	Golden Chalice	Single yellow flowers from end October. Height 45cm. AM. 1982
22	Holly	Bright yellow of pompon form. 30-40cm. AGM. 1991
12	Jenny Wren	Orange buds opening salmon pink and fading to cream. 45cm. 1985
12	Lighthouse	Dainty white single flowers. October 45cm.
22	Lynn	Finest pink, compact habit. 30-40cm. AGM. 1992
12	Morning Star	Single creamy yellow flowers from mid October. Height 45cm. 1982
22	Nicole	White with creamy-yellow centre. 30-40cm. AGM. 1991
12	Redbreast	Bright red single flowers showing from end October. Height 45cm. 1982
12	Ringdove	Single light purple flowers up to 3cm across from mid October. Height 40cm. 1982
22	Triumph	Yellow with bronze centre. 30-40cm.

KOREAN, RUBELLUMS AND HARDY GARDEN SPRAYS

The Rubellum and Korean types listed below are ideal for the herbaceous border bringing an abundance of autumn colour, with some varieties flowering well into the winter! They are also an invaluable late season source of nectar and act as a magnet for Butterflies and Bees. The plants can grow quite bushy so need plenty of space but are often strong enough to support themselves. We have found them to be very hardy surviving outside with no protection and flowering very freely year after year. We are indebted to Judy Barker who holds the National Collection of Koreans, Rubellums and Hardy Sprays for supplying stock of some of these varieties.

The following varieties all **£2.95 each**, 3-4 plants of the same variety **£2.80 each**, 5-9 plants of the same variety **£2.65 each**, 10 or more of the same variety **£2.50 each**

21d h Aunt Millicent (K)	Bright silver pink single, very prolific and bushy. Flowers Oct-Nov. 60 cm. AGM.
29d h Daphne Davies	Ivory white to pale peach ageing to pink. AGM. 90cms. C.G. Aug-Sept.
21f h Emperor of China (R)	Silvery pink double with leaves turning beetroot red with age. 90cm. Oct-Nov.
21c h Grandchild (K)	Bright mauve pink double. Flowers mid Aug - Sept. Height 45cm. AGM. 1973
21f h Mary (K)	Single cream partly quilled flowers. Height 65cm. Hardy upright grower. Sept.
21d h Mary Stoker (K)	Apricot yellow single flowers. Height 90cm flowering Sept- Nov.
21f h Mauve Gem (K)	Double purple semi quilled petals. Height 65cm. AGM. Sept.-Oct.
21d h Nell Gwynn (K)	Semi double pink. Very attractive. 45cm. Sept.-Oct.
24b h Percy Salter	Pale biscuit to light salmon. Very weatherproof. 90cms. C.G. Sept-Oct. 1956
21d h Perry's Peach (K)	Peach single, strong grower forming nice rounded plants Sept-Oct. AGM. 60cm.
21c h Ruby Mound (K)	Profuse flowering deep maroon-red double. Sept-Oct. 60cm. AGM. 1996
21c h Ruby Raynor (K)	Double flowers of a rich gold with bronze tints. AGM. Sept-Oct. 60cm.
21f h Sea Urchin (K)	Spidery lemon yellow flowers. Flowering mid Aug-Sept. AGM. 35cm. 1996
21f h Starlet (K)	Prolific flowering light bronze with "spoon" petals. Aug-Sept. 55cm. AGM. 1996
21d h Venus 1 (K)	Unusual cerise pink flowering well into November outside. Very hardy. 60cm.
21f h White Gem (K)	Lovely white with 'spoon' petals. Sept-Oct. 50cm.

Don't forget both Dahlias and Chrysanthemums can be used to create stunning border displays. This picture is of our own mixed border.

WE ARE PLEASED TO OFFER THE FOLLOWING NATIONAL CHRYSANTHEMUM SOCIETY PUBLICATIONS:-

UNDERSTANDING CHRYSANTHEMUMS

An insight into why Chrysanthemums flower when they do and how we can use this information on their growth pattern to our advantage -a recommended good read by Barrie Machin.

£8.95 (Inc. postage)

WEEK BY WEEK CULTURAL GUIDE

An essential cultural reference full of useful information in a basic, easy to read format, published by the National Chrysanthemum Society.

£3.95 (Inc. postage)

GROWING SPRAY CHRYSANTHEMUMS - A COMPLETE GUIDE

A completely up to date aid to growing spray Chrysanthemums. Aimed at the wider audience growers whether for exhibition or pleasure in the garden for decoration and cut flowe. Compiled by Rod Fox and Vin Aldred and also featuring articles by other well known authors.

£8.95 (Inc. postage)

GROWING CHRYSANTHEMUMS WITH ALAN & TREVOR

This DVD documents all aspects of cultivation throughout the year and provides a very helpful and informative guide for all chrysanthemum enthusiasts. Compiled by Trevor Last & Alan Watson of Norfolk Chrysanthemum Association.

Running time approx. 1hr 40mins **£7.95 (Inc. postage)**

KOREAN, RUBELLUM AND HARDY SPRAY COLLECTIONS

Our choice chosen from our range of hardy spray, Korean and Rubellum varieties for flowering August-November. These should be able to be safely left in the garden from year to year as long as the ground is well drained. Ideally suited for planting in mixed borders to extend flowering season.

KR10 10 Plants in 5 varieties £25.00

KR21 21 Plants in 7 varieties £47.00

AN INVITATION

Each year we welcome many visitors to our West Heddon Nursery to view the Dahlia and Chrysanthemum fields planted with more than 15,000 plants in over 500 varieties. The best time to call and see them growing and flowering is from the end of August to early October.

Don't forget our Nurseries are open all year round with an extensive range of garden plants available, many being home grown. A good range of composts and garden sundries is also stocked along with seeds and bulbs.

At our Ovington Nursery you can enjoy browsing through the recently planted herbaceous borders in a pleasant setting with superb views over the Tyne Valley. A wide range of home grown plants are available all year round.

BUSINESS HOURS

NURSERY OPEN: MONDAY - SATURDAY 9AM-5PM, SUNDAY 10AM-5PM
OFFICE HOURS: MONDAY - FRIDAY 9AM-4.30PM
NURSERY AND OFFICE CLOSED BETWEEN CHRISTMAS AND NEW YEAR

All the plants we supply are produced from our selected stock plants which are grown on the nursery and are viewable throughout the flowering season. Acknowledgements: Although the majority of photographs used in this catalogue are from our own library we wish to thank Paul Barlow, Ivor Mace and Chrysanthemums Direct for the use of some images.
