

CSP Licensing Agreement

Laying the Groundwork for SCADA Success

We at Trihedral are committed to helping you, the system integrator, maximize your return on investment while increasing the satisfaction of your customers.

In addition to granting you the legal right to resell our software, the Certified Solution Provider (CSP) License Agreement¹ provides tools to help you get the most from VTScada as well as discounts to reward those who actively help to make VTScada a success.

Signing costs nothing.

Cost-Saving Resources

This no-cost, annually renewable contract includes the following:

- Non-exclusive worldwide permission to sublicense VTScada.
- Referrals to projects we discover in your area.
- A listing on our website with a link to yours.
- Promotional datasheets and brochures.
- Permission to use Trihedral and VTScada logos.
- Time-limited sales demo licenses for use in promoting VTScada.
- Opportunities to participate in marketing ventures such as seminars, tradeshow, and case studies.

Up to 25% of Discounts

Upon signing, you will receive a 15% discount from every VTScada software license you sell and each support package you sell or renew.

- Additional 5% - Add a link to www.trihedral.com on your website.
- Additional 5% - Maintain an up-to-date VTScada OEM/SI License (below).

VTScada OEM/System Integrator License (Optional)

This provides the tools, training, and support you need to start building world-class applications in no time. For \$2,000 you will receive:

- Two VTScada OEM/System Integrator keys.²
- One-time training for 2 developers.³
- Access to our extraordinary support team.
- Automatic eligibility to renew for only 15% per year.
- Additional OEM licenses and training for one, for \$1,000 each.

More Information

Contact Patrick M. Cooke (or your current VTScada sales contact) to request your customized CSP Licensing agreement to review and sign.

1-800-463-2783 (Toll-free in North America)

1. This is a brochure only. For a list of all binding terms and conditions, consult the VTScada CSP Licensing Agreement itself.

2. One installation per key. Not necessary if you already have a VTScada OEM/SI License.

3. During regularly scheduled week-long courses at Trihedral's facilities. Travel, meals, and accommodation not included. Limited to one year from OEM purchase date.
