## Take control of your finances with

## Take control of your finances

With more and more people paying for services and products by small monthly payments, it's never been more important that you can offer a simple yet secure way for your patients to take advantage of this payment method

Optical Payment Services (OPS), powered by Bottomline Payment Services, offers you a powerful tool to not only collect payments using direct debit, but manage

1	Increase	nationt	chond
V	increase	patient	spena

- $\sqrt{}$  Control your cash flow
- $\sqrt{\phantom{1}}$  Reduce administration
- $\sqrt{}$  Increase patient loyalty
- $\sqrt{}$  Add value to your business

Being web based, OPS offers an entirely paperless service, so no more sending forms to banks and printing off statements to check payments. With the OPS service bank details are validated in real time, patients are sent Direct Debit (DD) instruction confirmations, you receive cancelled DD reports and up to the minute,

NATIONAL

all payments and reports effortlessly through a single web portal.

Although many companies collect payments via Standing Orders, this can prove unreliable and inflexible, it can be very time consuming to reconcile and can lead to goods or services being given without payments being confirmed, which can be costly to your business.

## FCC Client Administration Portal

- Flexible wide range of payment / payer history reports easily accessible & downloadable as CSV or PDF
- You can also create your own bespoke reports, by selecting different fields of
