

A photograph of a living room interior. A window is the central focus, covered with a vertical blind featuring a complex geometric pattern of blue, white, and dark blue squares and rectangles. To the left of the window is a white ladder-style shelving unit with several shelves holding books, a framed picture, and decorative objects. In the bottom right corner, a white armchair is partially visible, adorned with a light-colored cushion and a teal cushion. The wall is a neutral grey color, and the floor is dark wood. The text 'the vertical blind collection' is overlaid in white on the left side of the window.

vertical blinds offer the ultimate in shading flexibility & privacy along with modern clean lines & stunning fabrics

Vertical blinds offer you maximum flexibility and creativity. The innovative design allows the louvres to be drawn neatly back to the side to offer clear views. The louvres can also be rotated through 180 degrees allowing the user to control light levels within any room, yet maintain privacy.

The vertical fabric range is an eclectic mix of beautiful jacquard weaves and designs in contemporary colourways, exotic grass effects, organic natural hues and luxury metallic lustres, all of which will create window blinds of pure distinction.

Our vertical blind fabrics also feature special finishes which allow them to be easily maintained to keep your blinds looking great for many years to come.

Vertical blinds are the most versatile of all modern window furnishings. It's rotating louvres allow you to combine privacy with total light control. Made to measure vertical blinds are available as 89mm or 127mm louvre widths.

energy efficient
child safe

Our blinds are designed not only to be long lasting and look fantastic, but to be energy efficient and child safe too.

Energy saving vertical blinds reduce solar gain during the summer months and help insulate your home, reducing the amount of heat loss through the window in winter.

We all know that as children grow their curiosity does too, which is why here at Solent Blinds we make child safety our priority. All blinds are designed to be inherently child safe and we recommend wand operation for vertical blinds.
