

Horizon offer a wide range of pole covers to suit every application.

Hastings Pole Guards

Made from bright yellow ABS plastic for high visibility with a dielectric strength of approximately 50kV. Corrugated design provides an air gap if energised conductor makes contact when setting pole. Easily opened for installation, all pole guards are supplied with rubber straps to secure to the pole. Fits poles from 6" to 12" diameter. Available in three lengths.

CAT NO	DESCRIPTION	WEIGHT
11924	24" Long Pole Guard	2.8kg
11926	48" Long Pole Guard	4.6kg
11927	60" Long Pole Guard	8.4kg

White Pole Covers

Fits poles from 6" to 9" diameter, these pole covers are 42" long, inexpensive and lightweight. Can be used in multiples by overlapping where required. Manufactured from polypropylene. Available with or without rope handles.

CAT NO	DESCRIPTION
PC9	Pole Cover 42" long - no handles
PC9H	Pole Cover 42" long - with handles

Black Pole Covers

Same dimensions and material as white pole covers above, but used to protect the pole from woodpecker attack or where excess creosote is leeching out from the pole and may cause a hazard to the general public.

CAT NO	DESCRIPTION
PC9-BL	Black Pole Cover 42" long

Orange Pole Covers

Pole covers are manufactured from polyurethane and have straps for fastening the shroud to provide a positive pole top location. Covers have internal stand off buttons to allow air circulation around the pole. Pole covers are 47" long and available in two sizes to fit small and medium diameter poles.

CAT NO	DESCRIPTION
PC-10	Orange Pole Cover 8½" - 13" diameter
PC-8	Orange Pole Cover 6" - 9" diameter
