DIVERBLEACH : General Purpose Hypo Chlorine Bleach Disinfectant

PRODUCT DESCRIPTION: Diverbleach is a powerful Chlorine bleach disinfectant liquid, which prevents limescale and has a high level penetration rate to kill all known germs.

Diverbleach is recommended for use in medium and high risk areas in hospitals and other institutions.

Key properties

It prevents limescale. Strong disinfectant for floors.

Do not use neat on floors or work surfaces. Always dilute in plastic container.

Diverbleach provides a complete protection from germs including salmonella, E-coli and listeria.

Benefits

Prevent limescale

Kill all known germs

Tolerate pH change and organic contamination

Easy to dose

Bleaching and disinfecting properties

USE INSTRUCTIONS

FOR FLOOR AND WORK SURFACE DISINFECTION

Use between 150mls - 300mls to 1litre of water depending on the level of soiling.

Rinse work surface with clean municipal water.

Dosage may vary according to degree of soiling. For further details as regards applications, please consult your Cleaning Solutions Representative.
