Projection Mapping

LED Stage Video

Staging

Stage Roofs

Set and Exterior Lighting

Creative Design

Noise Management

GLASTONBURY FESTIVAL SHANGRI-LA FIELD

BRIEF

"A buzzing corner of activity at the end of the rail-track, made up of awe-inspiring installations depicting freakish, end-of-the-world motifs and wild acrobatic performers dressed like Mad Max extras, Shangri-La is like nowhere else on planet Earth — let alone at a festival." – Mix Mag

80,000

Sound Watts

A standard home guitar amp has around 30 watts.

BOOM TOWN FAIR

BRIEF

"Boomtown Fair is an immersive public art project disguised as a festival. In fields near Winchester, southern England, a temporary city arises like a film set, with storefronts and saloons, water towers, railway bridges, streets hung with Chinese lanterns, cul-de-sac's and boulevards." - Financial Times

DARTFORD FESTIVAL

DARTFORD FESTIVAL

BRIEF

"Last year the festival celebrated its 80th birthday. The annual shindig in Central Park has been providing free family fun since 1936. We have worked hard to transform Dartford Festival into one of the biggest and best free festivals in the south" - Dartford council leader Cllr Jeremy Kite
