“Find a Topic”

This new feature allows users to easily search news articles by Topic such as Business & Economics, Education, Environment, Health, International Issues, Jobs & Careers, Leisure Activities, People, Politics & Government, Social Issues, Sports, Technology (*may be subject to change*).

Each lists subjects within the topic, and once selected, will search across all the Newspapers subscribed to by Headline and Keyword Search for articles of more than 500 words, ensuring the search results are Articles on your chosen subject, not just references to the subject.

An ideal tool for homework, special projects, discussion groups etc.

NewsBank includes:

- **Archives** – 24 years of archive coverage from 1991
- **Special Reports** - provide great ideas for classroom and homework projects on subjects such as Science & Health, Places
- **Hot Topics** - takes students to what’s making the news such as Crime, Sports, the Environment, Technology and much more
- **World Atlas** - helps students place the stories that they find

NewsBank features:

- **Unlimited user access** – for students and teachers throughout the school and from home, excellent for homework projects
- **Currency** - daily updates keep researchers in touch with developing events and issues
- **Full-text** – each newspaper article includes the full-texts of all stories
- **Easy Searching** – by basic or advanced keywords or of individual, multiple newspapers or the entire collection simultaneously
- **Search Results** – include the **first paragraph of each article**, not just the headline
- **Compare** – headline priorities, perspectives and writing styles between newspapers
- **An invaluable research tool** - newspaper archives are the most widely used resource in libraries, they cover virtually all topics, and archived newspaper content is ideal for tracking issues and trends. Coverage: statistics, verbatim quotes, facts, analysis, historical perspectives, obituaries etc. Also cover current issues and events in a simple “Who, What, When, Why, Where and How” format
- **Access** – can be set up by IP Address, Username & Password, or Referral URL

A few endorsements from NewsBank subscribers:

"We have subscribed to **Newsbank Newspapers** for many years and it is a resource **used across the school** particularly by the **Headmaster, English Department** and **sixth formers** doing their **EPQ**. It is **reliable, user friendly** and **broadly useful for information searching** in a way that is **difficult to match with other online products on the market**" Librarian, Nottingham High School

"**Newsbank** allows our **students to access** and **search the breadth of national newspapers**, and luckily for us our **local newspaper too**. It supports them in their **wider research** which is a **critical part of their studies especially at Post 16**" Thomas Deacon Academy

"If I could have only **one on-line resource, Newsbank would be it. I could not manage without it**" Librarian, Haileybury

Suggestions for promoting Online resources, Librarian, Roedean

"Recently I've been **promoting our online resources in general via posters for each subject area**. I list the online resources including **Newsbank** on the poster and **give subject departments a copy of the poster for their classrooms**. On the poster is a **QR code**, which when scanned, allows the girls to **access the electronic version of the poster** on our school intranet via their phones/iPads so they can just click on the links. We always have a link to **Newsbank** on our **library catalogue web page**, which is accessible via the school intranet"
