## Where / When to use these products

### Duralac Jointing Compound (115ml)

Used to coat all stainless steel screws before fixing, this helps prevent corrosion.

### Arbo GZ Tape - Non- setting Mastic

Bedding compound that is Positioned around the Flange, straight off the reel, once in place remove the backing paper and position the window into the aperture . See installation instructions for additional guidance.

### Arbo Small Gap Sealer

Used within unwelded joints, straight from the tube.
