Wieland industrial vacuum cleaners fulfil the safety regulations according to TRGS 553 and dust classes M and H (EN 60335-2-69)

Industrial vacuum cleaning of processing machines:

- Explosion protection as required by ATEX
- Safety at the workplace due to certified units
- Suction and safe unloading of wood chips, dust free if required
- Safe separation of dust dangerous to health, e.g. hardwood dust
- Wieland industrial vacuum systems and suction units ensure a clean workplace and keep the machines operational
