Suppliers Management System

Assessment scope:

The design, manufacture, installation and maintenance of a range of perimeter security products and services.

UKAS accredited certification body: HPA Certificate No: 10010

Management System Verification

Evaluation of objective evidence provided by the supplier has permitted verification that:

- the maturity of the suppliers quality management system has reached a level that meets the requirements of the PSSA Product Verification Scheme
- the management system provides confidence in the capability to control design changes, manufacturing consistency and testing for the product(s) covered by this certificate
- suppliers published documentation, including operating instructions, installation procedures and marketing materials, make claims that can be substantiated in respect of product compliance with specified standards

Verified Product Performance

Product name and model number: CSG 10940 Crash Tested Miti-Gate®

Product Description:

Arrestor system within an aluminium enclosure designed to be mounted between Cova's range of crash tested bollards.

Hostile Vehicle Impact Rating(s): V/7500[N2]/64/90:3.0/0.0

Vehicle Information:

Vehicle Type: Mercedes 818 curtainside N2
Vehicle weight: 7500kg
Vehicle speed: 64km/h

Impact Angle: 90 degrees

Vehicle Penetration Distance: 3.0 m

Dispersion: 0.0m

Test organisation (ISO 17025) certificate No: TRL UKAS Cert. No: 2721

Test reports applicable to current product: TRL Report CPR1328, TRL047: 19 March 2012

Verified Product Compliance

The following regulations and standards have been applied to these products:

Health and safety requirements:

EC Directives

2006/42/EC: Machinery Directive
93/68/EC CE Marking Directive
