

## Editions from Broadview – Spring 2018

“Broadview Press is such an integral part of my experience as a teacher and scholar that without its editions, I simply could not have taught the classes I've been teaching for the past ten years.” – Helen Thompson, Northwestern University

“a series in which the editing is something of an art form.” – *The Washington Post*

“These editions compare with the best around in quality and exceed them in value.” – Daniel Vickers, University of British Columbia

“These books are handsome, well-edited, and a great value. The editions typically offer a selection of contextual materials that is at once rich and economical, and in many cases ...the Broadview edition is the finest teaching text available.” —Richard Millington, Smith College
