

Junior Project Engineer

Purpose of the Position:

Under the direction of the Senior Project Engineer or the Project Manager, the Junior Project Engineer is responsible for the managing and successful completion of assigned projects to the standard of both Grey Owl Engineering and our clients. Assignments are designed to further develop judgement and understanding of professional and ethical responsibilities.

Responsibilities:

- Preparation and review of engineering project deliverables including:
 - Calculations required to size and spec piping, controls and equipment
 - Data sheets
 - Engineering reports (PMP's, DBM's, Scoping Documents, technical reports)
 - Project specifications
 - Drawings (P&ID's, Plot Plans, Isometrics, Piping Plans, etc.)
- Support to the Procurement team in the requisitions of contractors, materials, and other services during cost estimates, RFQ process, bid review and purchasing
- Support to the Document Control team during document development and client submission
- Support to the Project Control team in the development of cost estimates, project schedules, and progress reports
- Support company HSE initiatives
- Other duties as assigned

Requirements:

- Mandatory 2 years of prior related work experience
 - Experience working in the oil and gas industry in North America is considered an asset
 - Experience working in an EPCM environment is considered an asset
 - Engineering Degree in Mechanical, Chemical or related field from an accredited university
 - Professional engineering registered or eligible for registry with APEGA or EGBC
 - Comprehensive working knowledge of Microsoft Office products
 - General understanding of the applicable regulatory codes and standards
 - Strong analytical thinking, negotiating and problem solving skills
 - Excellent organizational, planning and time management skills
 - Strong communication skills: verbal, business writing, electronic communications and presentations
-

This position will be working in the Grey Owl Engineering Maple Ridge, British Columbia office. Some work can be performed remotely. Travel to meeting and client sites in western Canada may be required.

Qualified candidates can submit their resume to careers@greyowleng.com

We thank all those that apply, however only those considered for an interview will be contacted.
