

ID Card Printers

Improve staff/guest tracking, integrate with access control systems and reduce security threats by being able to quickly and securely produce high quality ID cards.

Whether you require single or double sided, black and white or colour ID cards we have ID card printers that will meet your requirements and have you printing ID cards in no time at all.

We stock a range of printers, and these advanced ID card printers offer a wealth of features and benefits to any organisation that requires a quick and simple way of producing their own ID cards.

KEY BENEFITS

- **Compact & efficient**
Our range of printers are compact and highly efficient. They will see productivity increase and administration duties of ordering in new ID cards will be dramatically reduced
- **Wide range of print options**
Printing options range from B&W and colour printing, single sided or double-sided printing, to more advanced features such as encoding or embossing
- **Easy-to-use**
The printers are simple to use and calibrate. With the advanced print software you can save templates that allow for quick editing of new ID cards
- **Cut costs on printing cards**
You can quickly create new ID cards or remove users from a system without having to send it out to an external agency, saving on admin costs and external printing costs

KEY FEATURES

- **LCD displays**
An advanced operator display allows for quick diagnostics of what is being printed, quantity to print and remaining prints amongst other useful print status updates
- **Advanced printing features**
Our card printers include auto colour optimisation, simple print-head replacement, they print single sided & double, colour or monochrome amongst many other features
- **Advanced encoding system**
When integration with various security systems is needed then our range of printers have various encoding options included, such as mag-stripe, contact or contactless encoding options
- **Plug & play**
Increasing convenience is key and with simple to use USB plug and play options our range of printers can be up and running in no time

IDEAL FOR

- Staff/Guest ID & Access Control
- Security Access
- Loyalty & Membership Cards
