Our Award-Winning Burgers

Our award winning burgers are made using 100% British Beef and are ideal for your core burger offer. We are proud that our range is from only British, Farm-assured high quality beef trimmings. Burgers are becoming big business, with demand for burgers, particularly gourmet, growing exponentially. Thankfully we can cater for all needs and help to ensure your menu stands out from the competition. Like our sausages, we have been making burgers for a quarter of a century. They are now created in our bespoke burger production facility in Kentish Town, London.

Our 99% beef burger range is exactly what it says on the tin. We use only beef trim and a sprinkle of seasoning. The burgers are formed, boxed and ready to go.

The 'Gourmet' range tries to create products which are a little bit different. Whether it is through using rare breed prime products such as Aberdeen Angus Beef or Wild Boar, or adding ingredients to differentiate the flavours. Our 'Chef Select' burger which won Gold at the EBLEX Best burger competition contains Dijon Mustard, Gherkins and Worcester sauce.

We currently produce a range of specific recipes to suit our customer base. There were five award winning recipes at the recent 2014 EBLEX Best Burger competition
