

IOSH Managing Safely

The IOSH Managing Safely course aims to ensure that health and safety requirements are appreciated by people like line managers, etc. This will enable them to understand and participate in the effective management of health and safety in their area of responsibility.

Who Should Attend

IOSH Managing Safely is suitable for line managers, supervisors', representatives of employee safety and small business owner across all industries and organisations. It provides a good overview of the legal obligations in the UK and gives a broad understanding of current health and safety requirements and principles.

Benefits of Managing Safely

By the end of the course, delegates will be able to:

Understand their responsibilities

Recognise hazards and assess risks in their workplace

Use appropriate ways to control the risks

Ensure adequate health and safety training is provided

Understand how to investigate an accident / incident and to take action
