

FIRESTONE RUBBERCOVER QUOTATION SHEET

YOUR COMPANY.....CONTACT NAME.....
PHONE NUMBER.....

So that we can work out what materials your customer requires enabling you to quote them, we need this form fully completed. Please be as informative as possible so that we are able to return your list of materials by return.

Please sketch out the perimeter of your job, using the example below as a guide. **Tell us what is on each edge.** Eg Does the roof adjoin a brick upstand, any parapet walls? Does the roof have a gutter edge, any pipes, skylights etc.? Please mark on the drawing the sheet sizes allowing for overhang on each elevation.

example

Check List

1. Any external corners?
2. Does it join to a felt roof? If so what linear meter?.....
3. Does your rubber need to join to another rubber sheet, if so what linear meter.....
4. Total length of edge trim in meters.....
5. Total length of gutter edge trim.....
6. Has the customer given you the sheet size of rubber NOT the actual sheet size?
9. Any pipes? If so, how many, are they close to the wall?
8. What colour trims, Black or White?
