

WEST YORKSHIRE DOG RESCUE

www.westyorkshiredogrescue.co.uk

A voluntary organisation dedicated to the rescue of unwanted and abandoned dogs.

We hold them in **foster homes** until suitable homes can be found.

Re-homing is a careful process of matching the needs of both the new owners and the dogs.

Should circumstances change, the dog can be returned for re-homing.

All dogs are neutered, treated against fleas and worms, inoculated & microchipped.

West Yorkshire Dog Rescue works entirely on **donated funds** with every penny dedicated to the dogs and none to administration overheads.

Rescue dogs come in all shapes & sizes!!

So if you think **you can offer a rescue dog a home** and support our efforts, contact us for a dog most compatible to you.
