# UPGRADE

Allure post-industriale  
per interni ed esterni contemporanei  
grazie ad UPGRADE.

L'effetto cemento dei pavimenti delle vecchie fabbriche  
trasforma lo spazio abitativo più anonimo  
in un elegante contesto dal gusto metropolitano.

Dopo la posa l'aspetto del pavimento  
è volutamente non uniforme,  
perché differenti tra loro sono le piastrelle stesse.  
Disponibili in quattro tonalità di colore.

Di grande suggestione  
l'utilizzo del decoro Factory anche a pavimento.

UPGRADE è adatta anche per l'esterno  
grazie alla versione 20 mm  
che può essere applicata mediante posa a secco  
su sabbia, ghiaia o erba, ma anche sopraelevata  
grazie ad appositi supporti.

*Post-industrial allure for contemporary  
indoor and outdoor spaces thanks to UPGRADE.*

*The cement effect of old factory flooring  
transforms even the most anonymous living space  
into an area of elegant design and metropolitan taste.*

*After installation, the look of the floor  
is purposefully not uniform, because the tiles themselves  
are different from one another.*

*Available in four color shades.*

*The effect of Factory décor as flooring  
is also highly impressive.*

*UPGRADE is also suitable for outdoor use  
thanks to the 20 mm version,  
which can be dry laid on sand, gravel or grass,  
as well as installed as raised flooring  
by using the specific support bases.*
