FEATURES

EXPAND YOUR MENU with SpeedDelight and 1000s of cooking options it gives you the quick start buttons and automatic cooking modes.

With **TRIPLE PLAY**, SpeedDelight combines direct cooking (contact plates) and two kinds of indirect cooking through microwaves and infrared technology.

The plate knows just where to settle, depending on the food: whether your cooking a pizza or bakery item, **PERFECT SQUEEZE** will make sure it's perfect.

The **HAS YOUR BACK** functionality of SpeedDelight ensures that the lid opens automatically when your snack is ready. Relax: your snack won't burn!

REASONS TO CHOOSE SPEEDELIGHT:

SPEED

Turnover like you've never seen before!
SpeedDelight give you record speed compared with a traditional sandwich press.

ENHANCED MENU VERSATILITY

Something for everyone!
SpeedDelight cooks a wide range of foods: sandwiches, pizzas, bakery items and much more. Multiple cooking items in one simple solution.

QUALITY UNMATCHED

Just right, every time!
The excellence is in the detail, thickness, crispness, grill marks, taste and flavour.

CONNECTED

Sustainable integration in your business!
SpeedDelight is connected 24/7, meaning it will fit right into your kitchen management system, with green technology good for the environment.

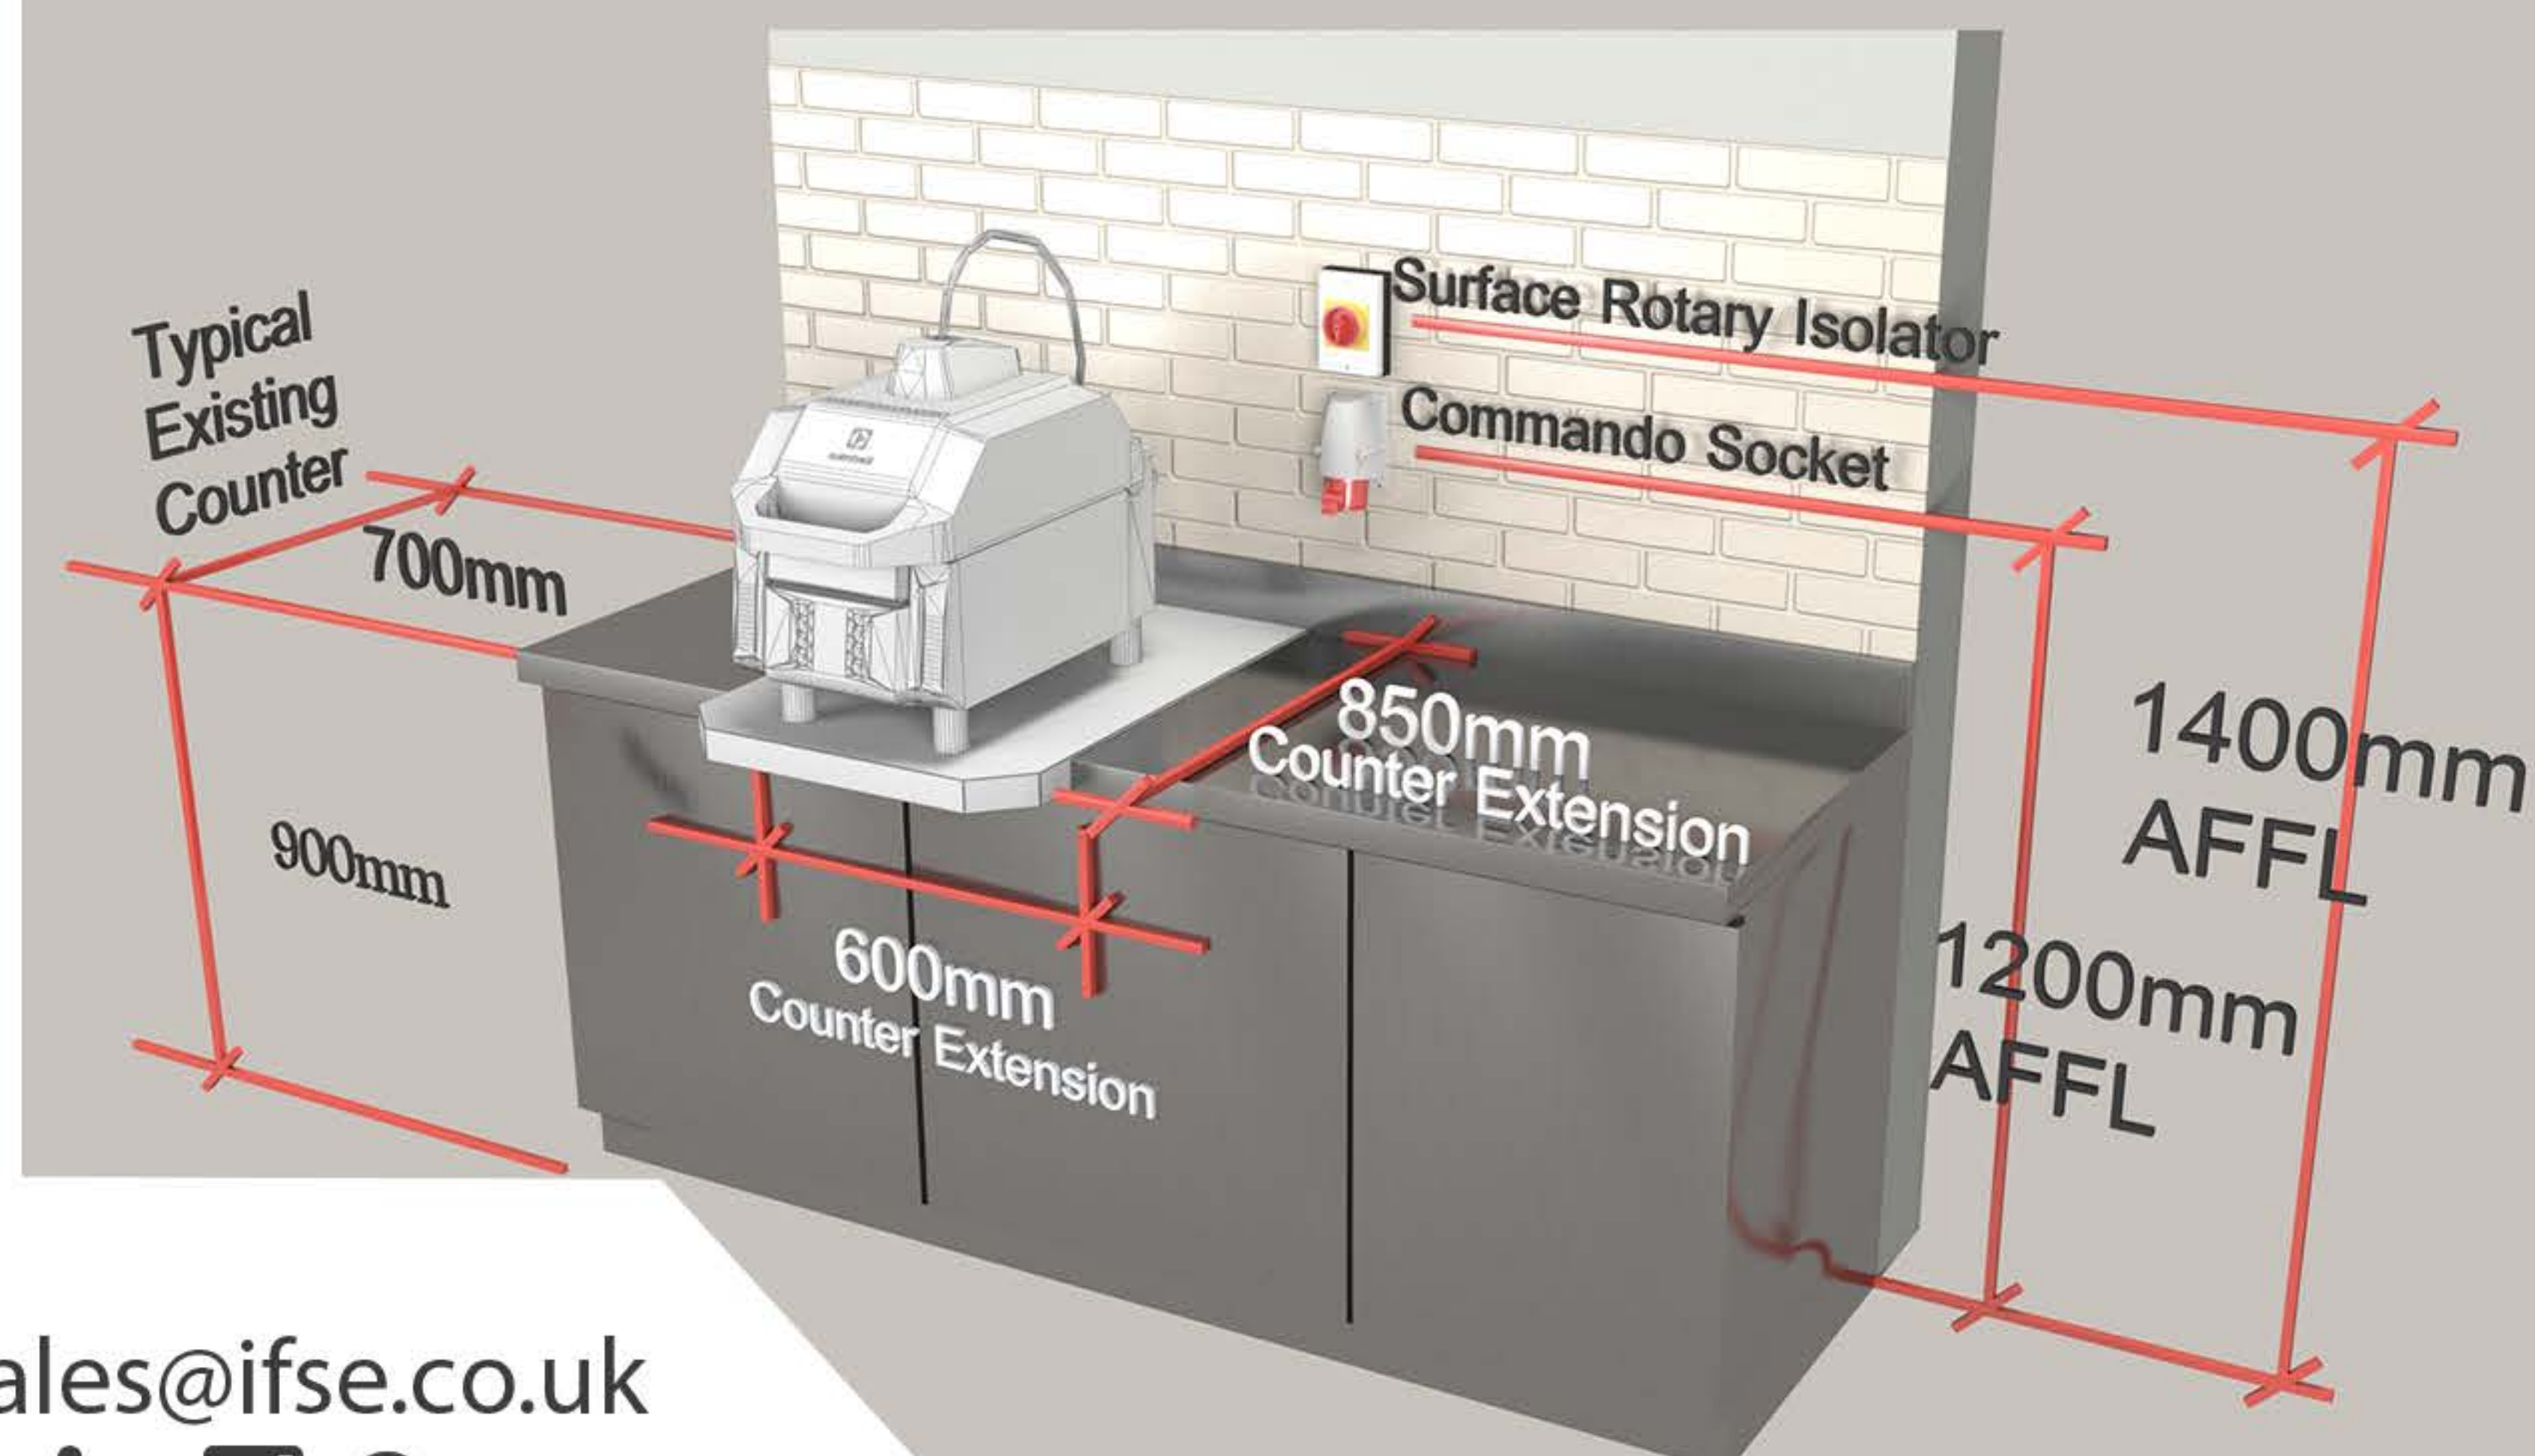

SAVE MONEY

Imagine you own a quick service restaurant serving an average of 180 sandwiches a day, 7 days a week, working 10 hours a day.

SpeedDelight consumes **less than half** of the electricity compared with other solutions using microwave systems, and that adds up to big savings! **More than £500 a year.**

That means **SpeedDelight works for you and your future.** It quickly pays for itself and leaves you money to invest in growing your business.
