Driving & Industrial Specialists

At your service 24 hours a day, 7 days a week

When you have deadlines to meet and no people power for the job YOU NEED ACTION FAST !!!!

OCEAN CITY RECRUITMENT operates a real 24hrs service, NOT an answer phone, NOT a 9-5 office, but a genuine

24 Hour Service 7 Days a Week.

HOW DOES IT WORK?

All of our offices are fitted with a BT diverter system, which means that any out of hours calls are diverted to the local manager at no extra charge to you.

Using the main telephone number of our branches will result in the call being redirected, and a QUICK response to your instruction.

OCEAN CITY RECRUITMENT LTD CAN HELP

Our duty manager has available the staff roster for each branch, they can deal with your emergency orders and get a member of our staff on their way to you quickly!

WHY OPERATE a 24hr SERVICE?

At OCEAN CITY RECRUITMENT we can appreciate that when the unforeseen occurs it rarely respects office hours, when sickness or perhaps a breakdown threatens your delivery schedules. OCEAN CITY RECRUITMENT LTD are waiting for your call!

OFFICE HOURS

Our offices are open from 9.00-18.00 hrs. In order to preserve the high standards of service provided by the 24hr operation, we ask that you should direct your accounts and general enquiries to those offices between 9.00hrs and 17.00hrs.

We also ask for your help in placing orders where possible with offices, giving OCEAN CITY as much notice as you can.

At Ocean City Recruitment we pride ourselves on our ability to match the appropriate skilled worker to our customer's requirements. This is achieved through our teams' many years experience in recruitment to the transport/industrial sector.

Driving and industrial recruitment is the core of our business. We know the transport and logistics sector inside out, therefore when our clients call us and talk about multi drop/sweepers/refrigeration experience or Hiab, we know exactly what they need, and which of our temps will be the best suited for the job.

We talk your language.

We understand the importance of delivery times, the crucial time frames with perishable goods and we also know that the unexpected sometimes happens. For that reason we are available 24 hours a day via our telephone service, manned by actual branch staff.
