Year - 2014

Asian Institute of Medical Sciences is the vision and dream of renowned surgeon, Dr. N.K.Pandey, a 2005 Dr. B.C.Roy National Awardee. The institute is centrally located in Sector 21 A, Faridabad in the National Capital Region and conveniently accessible from Delhi, NCR and other parts of North India.

Asian Institute of Medical Sciences (AIMS) is a 425 bedded super-specialty hospital, truly futuristic in its services and technology and brings together some of the most talented medical professionals. The Institute provides preventive, diagnostic, therapeutic, rehabilitative, palliative and support services under one roof and is designed to meet patient care and research requirements of the new millennium.

AIMS offers state-of-the-art facilities in Oncology (Medical, Radiation & Surgery), Cardiology (Interventional & Cardiac Surgery), Orthopedics, General Surgery, Nephrology, Endocrinology, Gastroenterology, General Medicine, Gynaecology, Pediatrics, Laboratory Medicine, Neurology, Ophthalmology, Radiology, Respiratory Medicine, Urology among other specialities. All this makes Asian Institute of Medical Sciences not just another hospital, but a complete solution in the philosophy of healthcare.

Asian Cancer Centre

A state-of-the-art facility offering complete Cancer management - right from prevention to early detection and comprehensive treatment, covering all modalities:

Medical Oncology • Surgical Oncology • Radiation Oncology

Radiation Oncology

AIMS is the first hospital to acquire and install **Rapid Arc-IGRT & IMRT Linear Accelerator (Varian)** in North India and it is the only hospital in Haryana, with this kind of comprehensive facility. The centre supported by all state-of-the-art equipments for effective cancer treatment.

- **RapidArc™ Trilogy®** for radiotherapy – Highest precision and fastest delivery of treatment (Beam on time of less than 2 minutes as compared to approximately 45 minutes on conventional machines) for more effective treatment.

BRACHYTHERAPY

ONCO SURGERY

- **HDR Brachytherapy** with Gamma Mediplus IX, that provides safe, precise treatment solution for cancers of breast, prostate, cervix, esophagus and soft tissue sarcomas.
- **PET based radiotherapy** planning by 4D computer systems leading to minimum side effects.
- **Dual Head Gamma Camera.**
- Complete other diagnostic facilities such as **MRI, CT, Mammography, Elastography** among others.

Medical Oncology

Medical Oncology at AIMS is a Super Speciality branch, managed by highly trained and dedicated team of Medical Oncologists who provide consultations and treatment planning for all types of cancers.

Facilities available in medical oncology

- Complete treatment of leukemias and lymphomas
- Chemotherapy of all tumours
- Biological Therapy and Immunotherapy
- Intra peritoneal / Intra vesical chemotherapy
- Intra thoracical / Intra arterial chemotherapy
- Hormonal therapy & Bone Marrow Transplant
- Preventive Oncology by screening, cancer awareness and educational programmes and vaccination.

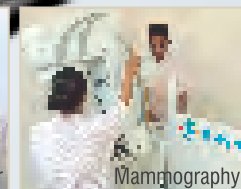

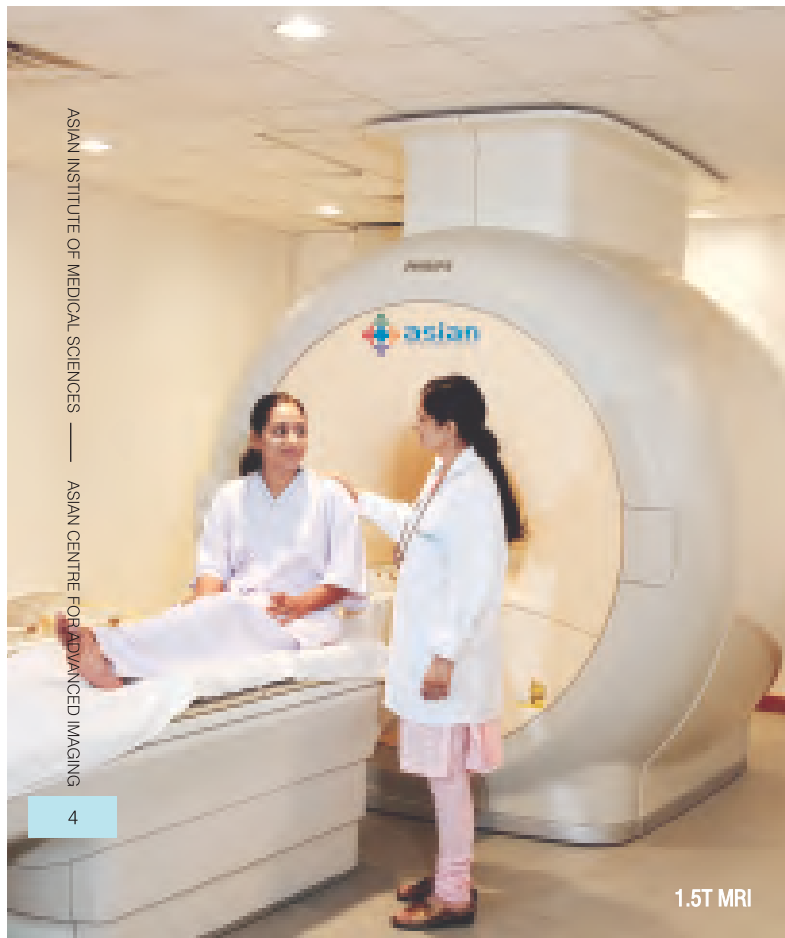

Screening facilities for:

- Breast - Cervix - Colon - Prostate
- Lung for high risk group - Gall Bladder

Surgical Oncology

The Department of Surgical Oncology managed by highly skilled surgical oncologists, is equipped to carry out the entire range of cancer surgeries in its modular operation theaters fitted with state-of-the-art media bridge and latest operative equipment. The centre provides advanced surgical management of all types of cancer such as head & neck cancer with reconstruction, breast conservative surgery, gastro-intestinal cancer surgery, uro-gynaec and laparoscopic cancer surgery.

Asian Centre for Advanced Imaging

The Centre for Imaging at the institute offers some of the best equipments available today in the field of imaging which play a crucial role in the early diagnosis of diseases including various types of cancer, thus leading to a better and speedy treatment.

PET / CT • 1.5T MRI • 4D Ultrasound • Mammography • High end Digital X Ray • Bone Densitometry • 128 Slice CT

PET/CT

Dr Pandey and his support team are professional, compassionate and wonderful! I have never experienced a hospital such as Asian in my 55 years!

With gratitude,
Marwah Khadim, Basrah, Egypt

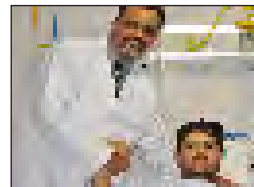

I am very happy that I chose Asian Hospital for my treatment. The doctors and staff are very friendly and efficient. I must congratulate the team for creating such a wonderful facility.

Mary Lyayuka, Tanzania

I want to take this opportunity to thank you all for your warm and wonderful services. I have encountered this feeling of satisfaction in every corner & office of this hospital.

Laila Kareem, Iraq
(Breast Cancer Survivor)

I praise Almighty God to bring more success in the future of Asian Hospital so that this hospital.

I had a bullet in my spine which was extricated by the experienced & qualified doctors at Asian and my life was saved.

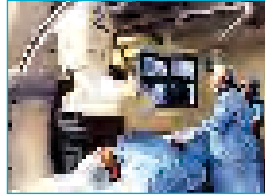

Abdalhamazah Farukhi, Afghanistan
(Spine Surgery Patient)
