ULTRA LIGHT CATAMARAN

# GUPPY

The all-new 'MiniCat GUPPY' is a fantastic addition to MiniCat family especially for those who are looking for a fun, easy and reasonably-priced first boat.

The size is based on our hugely popular 310 model but with GUPPY it is all about the simplicity and speed of assembly. Due to the specially developed design of floats pre-fixed with the frame the set-up takes just 10 minutes from start to finish.

GUPPY is also exceptionally light (just 26 kg) and with grab-handles on the trampoline manipulation is easy especially for children.

The MiniCat GUPPY perfectly complements the current MiniCat range by expanding the versatility of the range from MiniCat GUPPY through to MiniCat 460 Esprit.

**NEW!**  
for 2018
