PROJECT OVERVIEW

Like many schools, St Stephens dining hall was just too noisy, meaning lunchtimes weren't as controlled and restful as they should be. Furthermore, space and storage were an issue in the multi-use hall, so the staff there turned to the problem solvers at Westcountry Group to come up with a practical solution!

ST STEPHENS COMMUNITY PRIMARY SCHOOL

Our design team came up with bespoke-designed acoustic panelling to fit the barrelled ceiling which not only eats up sound but looks great and enhance the aesthetics of the hall too. We also supplied our legendary space-saving Benchmark tables, meaning the school can now seat 140 students on just seven tables – taking up nearly half the storage space of other folding dining tables!
