## Introduction

### 企业[简介]

鹤山市南德石英有限公司是一家专业从事石英石研究的生产厂家。公司拥有世界先进的专业生产设备和技术，集产品研发、生产、销售、服务于一体。

公司以高质高产的资质能力，投入巨资兴建现代化生产厂房，占地六十余亩，在经营生产中，始终严格按照ISO9001标准建立质量生产体系。

南德石英石材是选用优质天然石英石晶体与高分子材料在真空状态下经高压动力合成。其中含天然石英高达93%。辅以树脂、矿物颜料和其它添加剂成份，精选物料经调色和真空高压形成极其紧密的复合体。再经专业的分切、风干和表面抛光、刮平、定厚工艺成为南德石英石。

南德以“质量求生存，信誉求发展”为经营理念，保证产品“内外兼修”，用无可比拟的华美本色、无可超越的耐久特质，来诠释南德产品的精髓所在。用先进的科学技术生产出顶尖的石英石产品来引领市场，并竭诚与广大客户携手共创新世纪的辉煌。

Heishan Nande Quartz Stone Co., Ltd is a manufacturer specializing in Quartz stone research. the company has world-advanced production equipment and technology. Integrating R & D, production, sales and services.

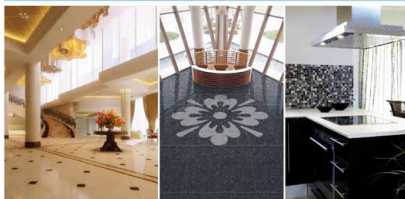

The company relies on high qualification and high output capabilities to make huge investment in modernized factory buildings covering over 60mu in area. In management and production, we always strictly implement ISO9001 standard to establish quality system.

Nande quartz stone is synthesized with selected high quality natural quartz stone crystal and polymeric material under vacuum state and high pressure. Composed of 93% natural quartz, together with resin, mineral colors and other additives, with carefully selected materials through coloring and vacuum high pressure to form extremely tight composite. Nande quartz stone is then created after professional cutting, drying, surface polishing, screening and thickening. Nande quartz stones are extensively used in home, hotel, restaurant and so on for decoration of cupboard, tabletop, floor and wall, etc. Best loved by consumers. The products have the advantages of: 1. Environment-friendly and safe radiation-free; 2. Luxurious and fashionable, outstandingly stylish; 3. Highly heat-resistant and pollution-resistant; 4. High toughness and high rupture strength; 5. Consistent color, non-fading.

Nande adheres to the business philosophy of "surviving on quality and developing on reputation", ensuring perfection of products from inside out, interpreting the essence of Nande products with unparalleled luxurious style and unsurpassable durability, and guiding the market with top quartz stone products based on advanced science and technology. We wholeheartedly join hands with customers to create brilliance of the new century.

## Quartz Stone

## 新观念，新生活

New concept,

New life

重新定义装饰美学，将居所空间视为身体发肤，归个人专属；而时尚，取决于对物质形态的迷恋程度，个性不再是唯一特权，今天，群体观念将区分类别。关于创新与传统的取舍，借用“南德”的原则——以色彩愉悦视觉，以流行引导生活。

Re-definite decoration aesthetics, look the living space as the body and privacy; depends on the infatuation to materials, personality is not the only privilege, nowadays, group concept will identify the sorts. The acceptance and rejection of innovative and traditional, with 'nande' principle—please vision with color, lead life with fashion.

## 产品特点，创造行业领先优势

### 易护理

#### Low Maintenance

自面光二次抛光后使用养护剂便能保持历久长新。

Nandestone's lustrous surface maintains a permanent brightness, so sealing, conditioning and polishing are never needed.

### 抗污染

#### Stain Resistant

抗染污性强，不渗透污渍的材质，能保持厨卫台面良好的卫生环境。

Nandestone's non-porous surface helps keep kitchens and baths clean.

### 耐高温

#### Heat Resistant

以石英为主要原料的南德台面，充分利用了石英材料耐高温的特性，相比之下远高于其它人造石材的耐高温性能。

By enhancing the natural qualities of quartz, Nandestone provides a surface with a greater level of heat resistance than most other materials.

### 易清洁

#### Easy to clean

极易清洁保养打理，用一般的洗涤剂和水清洗即可，简单的洁净即光泽不减、鲜亮如新。

Soap and water as well as mild cleansers are sufficient for cleaning, which gives the product brightness like brand new.

### 颜色丰

#### Color Options

提供多种不同的颜色和图案供您选择，最大程度满足您的设计需要。

Nandestone is available in more than various colors and patterns, giving you just the ambience you are looking for.

### 坚固耐用

#### Durable Surface

南德石英源自天然石英原料，是自然界中最坚硬材料之一，相当于花岗岩硬度的两倍，远比其它装饰材料耐用。

Nandestone, made of natural quartz, which is one of nature's hardest materials for surfaces and is more durable than other decorative materials - in fact, it's twice as hard as granite.

### 不褪色

#### Fading Resistant

南德石英石特定抗紫外线配方成份，经久亮丽不变色，保持鲜亮如新。

With the specific anti-UV formula, Nandestone remains shining without colorfading.

### 抗刮伤

#### Damage Resistant

南德石英石材硬度防刮伤，耐磨损；用铲刀、螺丝刀、钢丝球等铁器都无法将其刮伤，验证这是目前市面上任何一种石材材料都无法比拟的优点，只有用钻石这种材料才能在台面留下刮痕。

Nandestone's lustrous sheet offers a high level of resistance to scratching, chipping or cracking that few other surfaces can match. You'd have to use diamonds to scratch it.

### 高性价比

#### Solid Value

相较于其它各种石材，南德石英石台面以其优越的性能体现更高的性价比。

When compared to other natural stone surfaces, Nandestone represents a solid value among its class.
