

# HOW RIPE IS MY FRUIT?

*HOW SWEET AND HOW SOUR IT IS?*

With **Tellspec Enterprise Scanner** and **Fruit QC** application

Technology can be used to test the **quality, ripeness, and flavor** of fresh fruit in less than 15 seconds and in a reliable and non-destructive manner

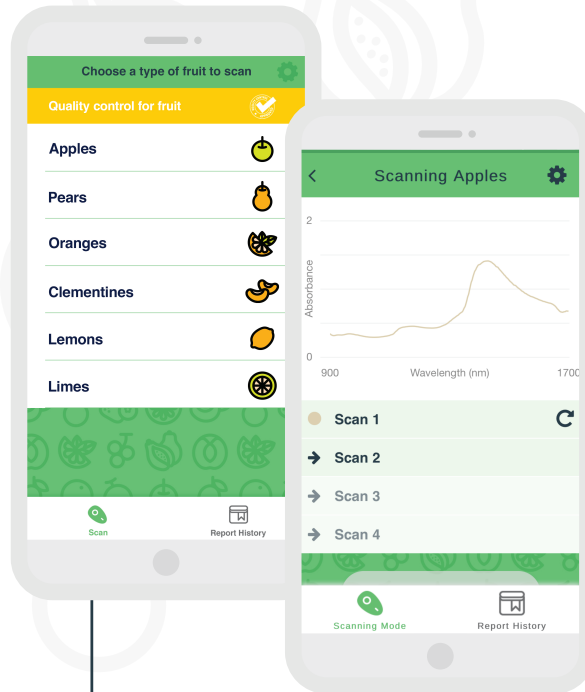

## Tellspec's Fruit QC Accuracy

1. Brix: accuracy < 0.99 °Bx
2. Titratable Acidity: accuracy < 0.99 g/L

**Brix**  
*How sweet is it?*

**Titratable Acidity**  
*How sour is it?*

**Fruit QC**  
Fruit Quality Control app  
by Tellspec Inc

This solution helps you **reduce the costs** associated with food waste and improve the bottom line, and at the same time **improve the quality** of fruit offered to customers
