

2015

NOVEMBER 2015

AIHHP Conference, Exhibition,
9th 'Golden Lobe' Awards and
Members Meeting at the
London Heathrow Marriott Hotel

**COGNITIVE STATUS: A FOUNDATION FOR
SUCCESSFUL HEARING AID FITTING**

Jason Galster, Sr. Manager of Audiology Research,
Starkey Hearing Technologies

**HEARING AIDS ON THE INTERNET;
OPPORTUNITY OR THREAT?**

Professor Ray Meddis

Ray will begin by talking about hearing aids that can be downloaded onto mobile phones and then look at the more general opportunities opening up as hearing aids become part of the 'Internet of Things'.

**LARGE SCALE POPULATION STUDIES
ON HEARING?**

Kevin Munro, Ewing Professor of Audiology,
University of Manchester

A presentation on the UK Biobank database that gives us information on prevalence of hearing loss in UK, the links between hearing loss, hearing aids and dementia and also the association between hearing loss and smoking / drinking etc.
