

## Multi-function Spraying Machine

### About Oriental

Henan Oriental Construction Machinery Co., Ltd. is a state-designated manufacturer and exporter of Road and Building construction machineries since 1989. We are the manufacturer, supplier & exporter of semi-automatic and full-automatic dry mortar mixing plants, large and medium size of concrete mixing plants, all kinds of concrete mixers and cement silos, Spraying machine and Pump.

## Spraying Machine

### Introduction Of Multi-function Spraying Machine

Spraying Machine is a multi-function and fast plastering equipment of Worm pressurization and high pressure, and is designed based on the Germany plastering technology and general situation, equipped with European-style electric motor, use of advanced variable speed control system, which can adjust the flow according to the situation, to achieve the best plastering results.

### APPLICATIONS OF MULTI-FUNCTION SPRAYING MACHINE

Multi-function Spraying Machine is suitable for plastering various of light materials like putty paint, lacquer, embossed paint, preservative, waterproof materials, steel fireproofing material, cement mortar.

### FEATURES OF MULTI-FUNCTION SPRAYING MACHINE

1. Change the flow, spraying out the best results;
2. Spray gun barrel and a link can be rotated for easy operation;
3. Save time and effort of university;
4. Small size, easy to handle;
5. Special materials, little or no loss of parts;
6. Main technology parameter of automatic plastering machine.

### TECHNICAL DATA OF MULTI-FUNCTION SPRAYING MACHINE

Item	GLP-2
Voltage	220V
Theoretical Flow	0-8L/min
Max. Pressure	2MPa
Delivery Distance	30m
Delivery Height	20m
Bucket Capacity	25L
Cross Power	0.75KW
Auxiliary Air Compressor	0.36 m <sup>3</sup> /min
Spray Hose	Φ19×10m
Air Pipe	Φ10×10m
Nozzle	Φ6, Φ8, Φ10
Dimension	650×500×1000mm
Weight	52kg

Note: Any change of technical data will not inform additionally.
