

With previous experience working for a major blower manufacturer, S and A Engineering Services' director; Andrew Smith, established the company in 1995 at the request of Kellogg's of Trafford Park so he could continue to maintain and repair their blowers on site.

Since then the company has grown in size, premises' and customer base; first by word of mouth and then through online presence, becoming one of the UK's most trusted blower repair companies, serving the whole of the UK from small business owners to globally recognised blue-chip entities.

Manufacturers handled:

Adams Ricardo | Aerzen | Baratti | Dresser Holmes | Dresser Roots | Hibon | Hick Hargreaves | Lutos | Peabody Holmes | Pedro Gil | Robuschi | Spomax | Tuthill | Wade Engineering | W.C. Holmes and more...
