Testimonials

▶ I was looking for a professional company to build my web-site and Pentagon were recommended to me by a friend. Straight from my initial approach the team at Pentagon's attitude and enthusiasm has been highly professional. They helped me to develop a truly wonderful website, nothing was too much for them they were always available and helpful throughout the entire process. I am now in possession of a fantastic website.

WILLIAM PEDEN, Peden Consulting

▶ Al Badie Group is working with Pentagon for over a decade. My experience with Pentagon is always friendly and professional. The best part is, everything is handled with highest level of professionalism and courteous. Hats off to their support team, they resolve our issues swiftly and to our satisfaction. Pentagon was always able to meet our demanding request. With utmost confidence I highly recommend Pentagon's services, including website design and web hosting.

GOVIND BALA, Al Badie Group Of Companies

▶ It's been a pleasure working with Pentagon, and I plan to work with them again in the near future. They provided daily updates through crucial times in the build process, and were quick to ask questions to help ensure we stayed on the right path throughout development. I appreciate their knowledgeable staff, and always received responses to my emails within 24 hours. Great to find quality organizations like this one!

DANIEL BENNION, Vertical Applications Inc

▶ We needed a way to organize, assign and track tasks across our business enterprise. This included tasking to various internal departments and even to partner services. Pentagon Solutions not only developed the system we now use, but was instrumental in helping create a business process. Pentagon has proven time and again that they have the technical expertise and patience to work through issues and find a solution that works. Their back end coding and user facing design is top notch and I highly recommend their services.
