

# SC-POX

## 100% SOLIDS EPOXY COATING

**Create structural repairs with a 100% solids epoxy - quickly and easily.**

SC-POX is excellent for rehabilitating a manhole or for structural spot repairs.

SC-POX is a premium 100% solids epoxy that offers outstanding chemical resistance and lasting durability with adhesion to concrete substrates and metal surfaces. It is pre-packaged as a no-mess coating system that offers excellent coverage and shrink resistance.

SC-POX is ideal for spot repairing locations quickly and easily without any measuring or guess work.

The product creates a repair that is permanent and adds structural integrity to the repair area.

### Advantages

- Reduces product waste
- Patent pending
- 100% solid monolithic
- Superior adhesion
- Fast cure time
- May be applied at temperatures between 5°C and 50°C
- Viscous
