## Our Prom Premium DJ's

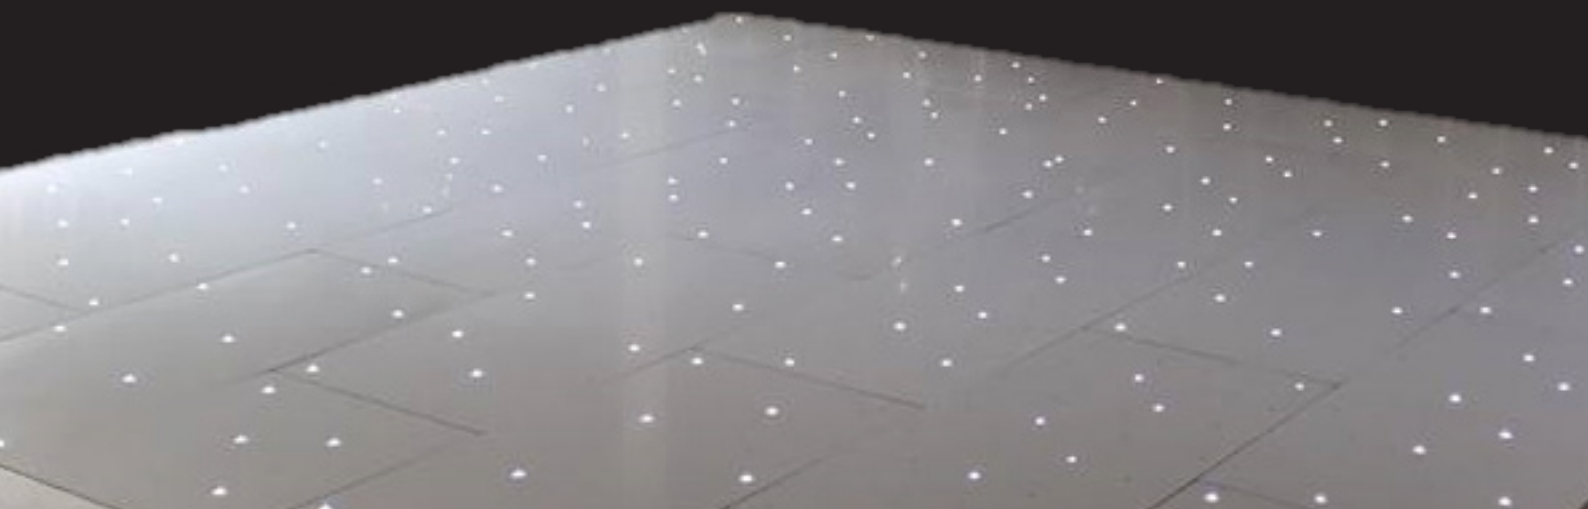

## Our Photobooths

Our Premium DJ's are approachable, professional Mic trained, able to work with any crowds . With a vast music library our DJ's are able to keep everyone up dancing all night long. Studio 54 Events use only the best sound & lighting equipment on the market. All our DJ's have a minimum of 5 years' experience and you are guaranteed a great night.

Our Photobooths come automatically with greenscreen , this gives you the opportunity to set the background scenery. With personalised images you can't go wrong. When booking one of our photobooths you receive a huge range of props along with an attendant, should you require any assistance. Not only do you get prints but also a USB stick should you wish to upload to a website or social media.
