

"Hyflex provided an excellent service with trustworthy, reliable site operatives and friendly, non-contractual commercial team. The quality of the end-product was excellent and both ourselves and the end-users were delighted with the overall performance"

Peter Dalby – Associate Director, AA Projects

Farrington Academy School, Sunderland

Hyflex Roofing, using the Hyflex 10 cold applied liquid waterproofing system, has received high praise for the work they completed at Farrington Academy School, Sunderland, Tyne and Wear. Peter Dalby, Associate Director of AA Projects who were consultants on the project, rated Hyflex 9 out of 10 on various categories such as overall quality of product or commission and overall quality of service. Peter also scored Hyflex 10 out of 10 for "completion of contract to agreed cost"
