Q&A

1. What is printing mold? and why we need to pay it?

Put it in the printing machine for mass production.

Make the pattern according artwork, each color will have 1pc mold.

2. Should we need to pay printing mold next time?

Answer: If you still use same artwork than can free for next order. If you change the artwork, than should re-make printing mold.

3. What is cutting mold?

Heat seal mold: heat the edge of balloon

Cutting mold: cut the shape of balloon

4. How to save the cost of cutting mold?

Answer: We have kinds of shape and size cutting mold for you to choose. If you use our existing mold, that can free for you.

Small quantity can be made, Take action!!!

Digital printing , imprint by CMYK. Mold charges are free for our Size.

Short lead time, 10 days for MOQ quantity.

Design what you want, Lower cost to make own balloon.
