

Web-based, Mobile-enabled Survey & Poll Management

Comprehensive Survey Builder Tool to conduct Effective Polls

Overview

As surveys provide an accurate picture of reality, every organization needs to conduct surveys both within the organization and in the marketplace to improve themselves. Nowadays organizations prefer to conduct surveys with less human intervention. A good survey provides you actionable, clear information to enhance your decision-making.

EagleView is a web-based Survey Builder Tool with advanced concepts such as customized questionnaire preparation and reports on the basis of the survey. EagleView assists you to create questionnaires and online surveys in minutes and view the results in real time.

Key Features

- Create professional-looking online surveys in minutes
- Cloning of survey questionnaire for ad-hoc requirements
- Multiple survey types like Dynamic Grid layout, Rule, Scale, Thermo widgets, Audio & Video
- Lightweight, standalone setup available for Mobile / PC users
- Easily view and answer the published survey
- Create quick, easy & versatile online polls
- Graphical reports for better analysis
- Download and print survey reports in CSV & PDF formats
- Online secure access to published surveys

EagleView provides multiple question types handling most complex survey logic to meet various survey requirements. It is a comprehensive online survey tool to create a survey, configure a welcome message, preview the created survey, and publish the survey to collect the responses.

With unlimited number of questions and unlimited number of surveys, EagleView increases the effectiveness and efficiency of surveying. Besides, efficient data compilation and real time statistical data reports make EagleView a robust tool for online surveys and poll management.

Benefits

- Reduces paper work and increases response rate
- Schedule regular custom online surveys
- Real time statistical data analysis through reports
- Polling through Mobiles
- Efficient data compilation
- Effortlessly survey clients worldwide

Applications

- HR Departments
- Training Institutes
- Banking & Finance
- Hospitality & Leisure
- Product Companies
- Service Industries
- Customer Support / Helpdesk
- Public Opinion
