

Environmental Policy

Mayflower North West Ltd is committed to conducting our business in an environmentally responsible manner. We accept that we have a responsibility to maximise the environmental benefits, to minimise the environmental impact and to promote sustainable development within our operations and the services we provide.

We pursue this commitment by:

- Continually improving our performance, setting objectives and targets as part of our overall business strategy, including promotion of sustainable resources into our operations, focusing on use of materials, energy usage, travel impact, waste and recycling.
- Complying with relevant legislation and, where practical , with codes of practice, industrial standards and other requirements, such as those specified by our clients.
- Ensuring environmental impact is assessed throughout the operations and services provided to prevent pollution, minimise impact and consider opportunities for improvement.
- Providing sufficient resources and appropriate training to manage our impacts effectively.
- Assessing our supply chain partners for suitability to meet our requirements.
- Regularly monitoring our performance.

We look to our Operatives and supply chain for support and professionalism in making this policy effective on behalf of Mayflower North West.
