FOR THE NOVICE OR BEGINNER

We offer a one-off 'have a go' course starting from just £25 per hour fully inclusive of cartridges and use of a gun. This is a perfect introduction to the sport – please call for more details.

Gift vouchers are available which make great presents.

PRIVATE TUITION

Whether new to the sport or an experienced shot, we all need to sharpen up our accuracy and consistency from time to time. Our tuition will give you confidence and guarantee success for game, clay or novice shots looking to improve.

Each lesson will be tailor-made for the individual and structured to identify problem areas and their causes, and then concentrate on correcting them and building the confidence to succeed.

Tuition in the field available.

FOR THE EXPERIENCED SHOT

The unique way in which our sporting layout is set up will allow you to shoot three separate targets from a range of realistic simulated shooting positions, unlike most grounds that can only shoot two targets. With this level of variety and the superb imagination of our course designer, we guarantee we will always have an exciting, challenging and realistic sporting course for you to explore on each visit.

Our target release system allows you to shoot the course in your own time as an individual. The system will release and count the targets for you so you can concentrate on improving your accuracy.

Access is available to our sporting layout five days a week without the need to make a booking. Groups are always welcome.

GUN FITTING

Our background in gun making gives us a unique inside track on getting a gun to fit correctly and shoot as accurately as possible. This is not an hour session as most of our competitors believe – we undertake 3 sessions with you to ensure your gun will fit you just like a glove.

Our gun fitting ensures you get the same service as though you were having a gun made for you by the very best London gun making names.

FOR THE CORPORATE CUSTOMER

The Oxfordshire offers a uniquely different corporate opportunity with a wide range of activities for the corporate client such as fixed wing flying, helicopters, gliding, rally driving, single set race cars, supercars, four wheel drive course, quads, archery, falconry and country sports, as well as superb clay shooting packages.

Additionally, with our unique partners at Heythrop Park Resort, Vision Motorsport, Blenheim Palace and 2 Excel Aviation, the sky really is the limit when putting together a bespoke corporate package.
