INTRODUCTION

At Croxsons, we take our range of food containers seriously. When you've a passion for glass, decoration and closures, it goes without saying. It's also why, with over 20 years' experience, we've built up strong relationships with notable food container manufacturers in both the UK and Europe.

From traditional runs to the bespoke and extra-special,
we can supply your demand.

KILNCLIPS

Whether it's jam or chutney, our KilnClips come in all shapes and sizes. And not just with typical orange rubber stoppers, but also in neutral white. When it comes to complementing your design, we're flexible.

CLOSURES

CLOSURES

For every glass jar or glass bottle, there needs to be a closure. From embossing, de-bossing, plastic, cork we always find the most suitable closure for your brand and contents. That was our reasoning in offering quite possibly the widest range of closure solutions in Europe.

We stock a wide range of colours and profiles, with sizes from 38 – 100mm. The minimum order is 10 boxes, however if you're ordering closures with glass you can order from just 1 box or a mixed pallet of 30 cartons, it is up to you.*

*If you require only 1 box of closures and no glass, please contact our partner www.jbconline.co.uk who offer next day deliveries for small quantities of twist-off closures.

For bottles with a 28mm thread, we offer a range of colour or MCA closures from stock.

We offer a variety of closures for olive oil, ranging from plastic to metal, with pourers or not, pre-threaded or machine applied.

Working with the best manufacturer of twist-off lids has a simple consequence: producing the highest quality closures at market leading prices. Full decoration techniques, bespoke colours & sizes are available across all of the twist-off range.
