QUALITY COOKED MEATS

Quality first & foremost...

Wessex Country Gammons first started making quality cooked hams at Vines Close farm in Wimborne Dorset in 1987. From our humble origins we now serve all manner of food businesses and wholesalers the length and breadth of the land.

In addition to our own range we also offer a number of other cooked meats to help provide a more rounded, in-depth service.

Throughout the years we have also gained an esteemed reputation as a fine Christmas ham producer too.

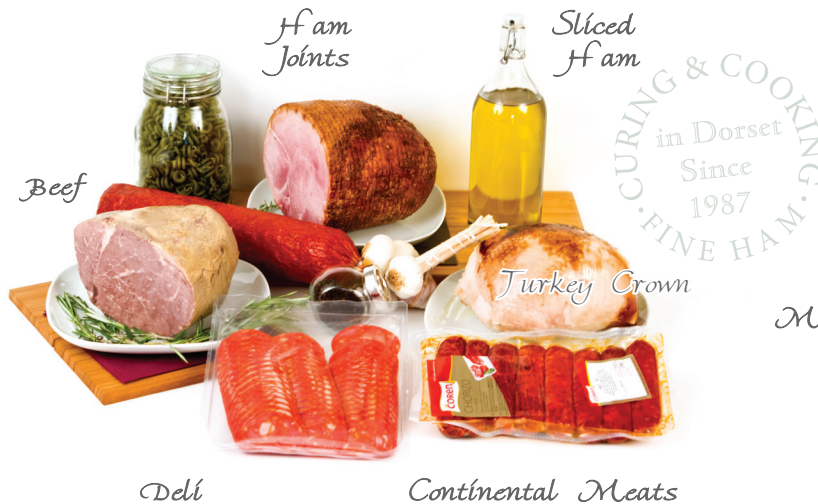

We take care to craft our ham to the highest quality and have an impressive slicing and packing capability which enables us to meet the demands and high expectations of our customers.

We know there is no compromise where safety and traceability are concerned. We carefully source pork from the UK and Europe from only the most reputable accredited suppliers.

Our members of staff are trained in all aspects of food safety and our production and technical teams carefully trace the product from purchase to sale.
