

Adhesive tapes for  
Arts and Entertainment

reliable **source**

Gaffer

the tape people  
we're on a roll...

Our status is simple, we are the 'reliable source' for all specialist self adhesive tapes and industry essentials. We offer solutions to the most challenging applications.

James Green, founder and MD of Reliable Source started his career in the adhesive tape industry in 1991 with Marnic PLC. During his 20 years in their employment James helped develop and introduce many of the tapes which are now regarded as standard in the TV, Construction, Arts and Entertainment sectors.

We are proud to be key distributors for the world's leading tape manufacturers...

**AT159 ADVANCE MATT CLOTH**  
- RS159

A polythene extruded, matt cloth tape coated with an aggressive, pressure sensitive adhesive.

**AT160 ADVANCE WATERPROOF MATT CLOTH**  
- RS160

A polythene extruded matt cloth tape with a waterproof finish coated with an aggressive pressure sensitive adhesive.

**AT170 ADVANCE PREMIUM CLOTH**  
- RS170

A gloss polycloth laminate tape coated with an aggressive pressure sensitive adhesive.

**AT175 ADVANCE BLACK HD GAFFER**  
- RS175

A polycloth extruded gloss tape with a white pressure sensitive, aggressive adhesive.

**AT200 ADVANCE MATT GAFFA**  
- RS199

An Ultra Matt polythene extruded cloth tape coated with cable friendly Adhesive that is designed to peel from clean surfaces.

**AT203 ADVANCE CHROMAKEY MATT**  
- RS103

A matt polythene extruded cloth tape coated with a special adhesive to avoid visible overlap lines. Available in chromakey blue and green.

**SCAPA 3101 MATT CLOTH**  
- RS3101

Scapa 3101 is a premium performance, strong, waterproof cloth tape, coated with a pressure sensitive adhesive.

**SCAPA 3120 GAFFER**  
- RS3120

Scapa 3120 is a medium performance, strong, polyethylene coated waterproof cloth tape, coated with a pressure sensitive adhesive.

**SCAPA 3130 MATT GAFFER**  
- RS3130

Scapa 3130 is a high quality 80 mesh, polyethylene coated waterproof cloth tape, coated with a pressure sensitive adhesive and a superior matt finish.

**JAFFA CLOTH TAPE**  
- RS129

Jaffa Cloth Tape is a remarkable tape which is not only thick, strong and 100% waterproof, it also has the most amazing adhesive quality.

**HIGH GRADE GAFFER**  
- RS190

70 mesh heavy duty PE coated cloth tape. Hand tearable, excellent waterproof and abrasion resistance. Residue free.

**MATT PERFORMA GAFFER**  
- RS195

Matt finished 80 mesh PE coated cloth tape with a rubber based adhesive. Hand tearable, excellent waterproof and abrasion resistance. Residue free.

**TUNNEL GAFFER TAPE**  
- RS197

Tunnel tape has adhesive only on the outer zone edges to create a tunnel to protect cords, cables and wires from the adhesive material.

**SCAPA 3159 GAFFER**  
- RS3159

Scapa 3159 is a general purpose, polyethylene laminated waterproof cloth tape, coated with a pressure sensitive adhesive.

**SCAPA 3362 UNBLEACHED CLOTH**  
- RS142

Scapa 3362 is a general purpose unbleached cotton cloth tape with pressure sensitive adhesive.

**CLOTH GAFFER**  
- RS122

Quality cloth tape that combines a high grade fabric cloth with colour polyethylene covering improved synthetic rubber resin adhesive.

**UTILITY CLOTH GAFFER**  
- RS124

A utility grade polycoated cloth duct tape with an aggressive natural rubber adhesive, ideally suited for packaging, wrapping and sealing, binding and bundling and general maintenance.

**STANDARD CLOTH GAFFER**  
- RS125

A contractors grade polycoated cloth duct tape, ideally suited for joining polythene and many uses in the HVAC industry.

**TESA 4169 DANCE FLOOR TAPE**  
- RS4169

tesa® 4169 PV3 is a lane marking tape with a PVC backing and water-based acrylic adhesive. It is perfectly suited to permanent marking applications.

**TESA 4252 INSULATING TAPE**  
- RS4252

tesa® 4252 is an economy grade of plasticised PVC tape with good flexibility and electrical properties.

**TESA 53948 PVC ELECTRICAL INSULATION TAPE**  
- RS53948

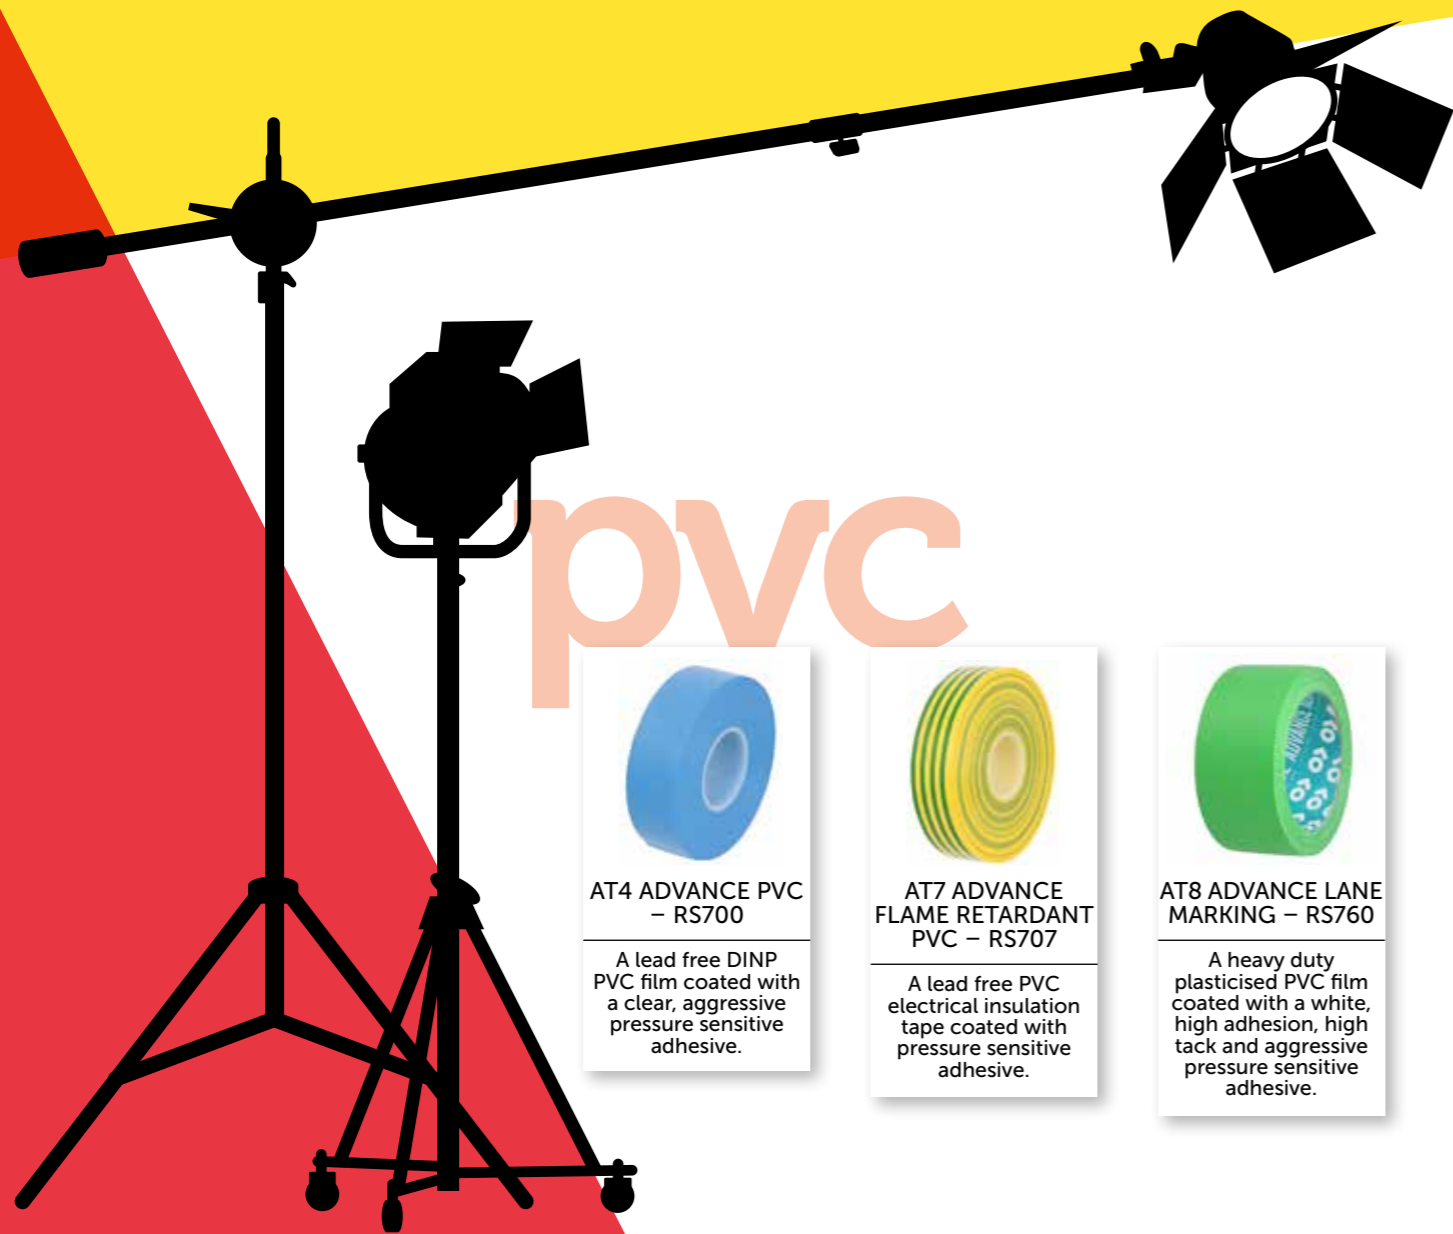

tesa® 53948 IMQ/SEMKO/IEC is a specially formulated self extinguishing plasticised PVC tape with good film flexibility and adhesion for low temperature application.

**TESA 60760 MARKER/WARNING**  
- RS60760

tesa® 60760 is a tough plasticized PVC tape coated with an aggressive modified rubber-resin adhesive, which allows adhesion on many different surfaces.

**PRO ARTIST PAPER TAPE – RS227**

Console Tape is a premium flatback paper tape that is printable and removes cleanly. Console Tape is ideal for use on sound and lighting boards.

**PRO 46 PAPER MASKING – RS246**

Pro 46 is a rubber based coloured crepe paper tape. It is used on a wide variety of smooth substrates as a printed or unprinted general purpose tape.

**PRO SHURTAPE CONSOLE – RS724**

Shurtape P724 is a premium kraft paper tape used for colour coding and labelling. It is also printable with flexo inks, markers, pens and pencils.

**PRO PERMACEL PIN PRICK FREE – RS743**

Shurtape 743 is a paper photographic masking tape. A versatile, reliable tape for use in photo studios, film processing laboratories, as well as in home dark rooms.

**AT4 ADVANCE PVC – RS700**

A lead free DINP PVC film coated with a clear, aggressive pressure sensitive adhesive.

**AT7 ADVANCE FLAME RETARDANT PVC – RS707**

A lead free PVC electrical insulation tape coated with pressure sensitive adhesive.

**AT8 ADVANCE LANE MARKING – RS760**

A heavy duty plasticised PVC film coated with a white, high tack and aggressive pressure sensitive adhesive.

**TESA 4323 GENERAL PURPOSE MASKING – RS4323**

tesa® 4323 is a finely creped paper masking tape with a natural rubber adhesive.

**TESA 4328 MASKING TAPE – RS4328**

tesa® 4328 is a finely creped paper masking tape with a natural rubber adhesive. This is available in a range of colours.

**TESA 4333 PRECISION MASKING – RS4333**

tesa® Precision Mask® 4333 is a professional masking tape that's extremely gentle yet sticks firmly. It comprises a tear proof, extremely thin special backing which is coated with an acrylate adhesive compound and is really easy to use.

**TESA 4334 SPECIALIST MASKING – RS4334**

The tesa® Precision Mask® 4334 reliably guarantees razor-sharp paint edges. Thanks to the ideal combination of the special, supple backing and the perfectly balanced acrylic adhesive compound.

**3M 101E MASKING TAPE – RS2120**

3M™ Value Masking Tape 101E is a room temperature, premium quality tape for holding, bundling, sealing and non-critical masking applications.

**AT8H ADVANCE HAZARD WARNING – RS758**

A heavy duty plasticised PVC film coated with a white, aggressive pressure sensitive adhesive.

**LANE MARKING PVC TAPE – RS750**

A heavy duty PVC tape ideal for marking floors, due to its high resistance to abrasion. The high tack rubber adhesive gives excellent adhesion to a wide range of substrates.

**RED/WHITE PVC – RS755**

A heavy duty plasticised striped PVC film coated with an aggressive pressure sensitive adhesive.

**SELF ADHESIVE HAZARD PVC TAPE – RS756**

A heavy duty plasticised striped PVC film coated with an aggressive pressure sensitive adhesive.

**PVC ELECTRICAL TAPE – RS777**

A high quality flame retardant PVC electrical tape available in a full range of colours and 10m, 20m and 33m lengths as standard on a 1" core.

**SOLVENT MASKING – RS200**

A high quality crepe paper coated with a rubber-based pressure sensitive solvent adhesive designed for professionals in all industries.

**STANDARD MASKING – RS210**

A lightly creped general purpose masking tape with a hot melt rubber adhesive.

**BLUE 14 DAY MASKING – RS222**

A high quality blue creped paper masking tape. The special adhesive provides clean removability from a wide variety of surfaces, for up to 14 days. Excellent UV resistance.

**BLACK MASKING – RS247**

A black creped paper masking tape with a black rubber resin adhesive. It has conformability and holding power and can easily be removed even after long periods.

**HD WASHI PAPER MASKING – RS260HD**

Japanese Washi Paper Masking Tape is a unique thin paper masking tape that delivers very sharp paint lines and is UV resistant. It also has long term clean removability.

REFLECTIVE  
- RS900

Engineer Grade is the most popular of all the reflective tapes due to its versatility. It can be CAD cut with a standard vinyl cutter or it can be slit into rolls and used for vehicle striping.

HONEYCOMB  
REFLECTIVE  
- RS990

Honeycomb grade reflective tape is 3 - 4 times brighter than standard grade reflective tape. This gives it premium visibility over distance and close up.

TESA 50577 BLACK  
MATT FOIL TAPE  
- RS50577

tesa® 50577 is a strong aluminium tape, based on a black 50µm aluminium foil and a black acrylic adhesive.

MATT BLACK  
ALUMINIUM FOIL  
- RS555

Black non-reflective aluminium heat resistant tape for screening lights in theatre and TV/movie sets.

REINFORCED  
ALUMINIUM FOIL  
- RS559

A laminated aluminium foil tape with interwoven scrim squares. Durable and meets the demands of a wide variety of applications. Class 'O' fire rated.

SELF ADHESIVE  
ALUMINIUM FOIL  
30 MICRON  
- RS500

30 Micron Class 'O' foil tape is recognised as the industry standard for the HVAC market. The tape has a solvent acrylic adhesive and the adhesive is resistant to high and low temperatures.

TESA 4964  
DOUBLE SIDED  
CLOTH FABRIC  
TAPE - RS4964

tesa® 4964 consists of a tear resistant flexible fabric backing with a rubber adhesive system. The adhesive has a high coating weight making it well suited for mounting applications on irregular surfaces.

TESA 4965 DOUBLE  
SIDED - RS4965

tesa® 4965 is a transparent double sided self-adhesive tape consisting of a PET backing and a tackified acrylic adhesive.

TESA 60950/51/53  
ANTI-SLIP  
- RS60950/51/533

tesa's Anti-slip Professional range is the ideal product to prevent slipping. The strong and durable adhesive coating provides a high anti-slip effect for up to 1-2 years. These tapes are hand tearable and no shrinkage occurs after application.

ANTI-SLIP - RS800

Offering the widest range of self adhesive non-slip tape, with the choice of any width, shape or colour. Extremely durable and is ideal for demanding applications and offers a permanent non-slip solution.

GLOW IN THE  
DARK ANTI-SLIP  
- RS800STR

Our glow in the dark tape is manufactured using the latest technology in photoluminescence to ensure walkways, stairways and entrances and exits are well illuminated.

ANTI-SLIP CLEAT  
- RS808

Shapes are easily die cut to any griptape, our web fed presses use ruled tooling, accurate to 0.1mm.

AQUA ANTI-SLIP  
- RS880

The aqua-safe & non abrasive anti-slip tape range has a unique non-slip coating to ensure an effective non-slip flooring, yet has a smoother surface for walking bare foot on with no abrasion to prevent damage to skin, material or wet suits.

WHITE DOUBLE  
SIDED CLOTH  
- RS300

RS300 is a polyester cloth, coated on both sides with a white hot melt synthetic rubber and hydro carbon resin adhesive, interleaved with a siliconised paper liner.

DOUBLE SIDED  
FILMIC TAPE  
- RS310

A double sided filmic tape with high tack solvent acrylic adhesive. Good transparency and quick stick quality, good conformability, with a stable liner and excellent ultraviolet and plasticiser resistance.

ULTRA HIGH TACK  
POLYESTER TAPE  
- RS340

A double sided mounting tape with a very high tack, high shear solvent acrylic adhesive, with a polyester carrier.

NEC APPROVED  
DOUBLE SIDED  
TAPE - RS360

NEC Approved Double Sided Tape is designed and manufactured for use at events and exhibitions. A differential adhesive system ensures carpets are cleanly peeled from exhibition floors.

CLEAR ACRYLIC  
BOND - RS393

A clear foamed acrylic adhesive tape with a special composition that gives excellent all round bonding properties. Ensures very high performance in the most demanding of applications.

# specialised consumables

**3M SJ3550 DUAL LOCK – RS3550**

3M™ Dual Lock™ Reclosable Fastener SJ3550 gives up to five times the strength of hook-and-loop fasteners. Tough, polyolefin mushroom-shaped stems snap together, providing the tensile strength to replace traditional fasteners.

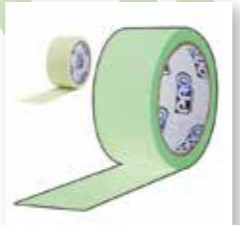

**3M VHB WIPES – IE556**

3M Industrial Surface Cleaner multi-surface cleaner sachets are for use with the 3M range of tapes, to ensure a grease free clean surface, to maximise the bonding capability of the tape.

**3M SPRAY 77 ADHESIVE – IE577**

A high tack and fast drying mist spray adhesive. Suitable for a broad range of lightweight materials.

**PRO GLOW IN THE DARK – RSX88**

Pro Glow is a non-radioactive chemical light source incorporated into a flexible vinyl film that glows in total darkness after exposure to artificial or natural light.

**PRO J-LAR CLEAR TO THE CORE – IE235**

Pro Gel Repair Tape is an optically clear polypropylene with a non yellowing acrylic adhesive. Specifically designed for laminating and book repairs where clarity and strength are extremely important.

**TESA 4129 SCROLLER TAPE – RS4129**

tesa® 4129 is a transparent tape with a PET backing. Its acrylic adhesive system combines good initial tack with high shear strength.

**SINGLE SIDED PVC FOAM – RS380BK**

Excellent EDPM foam available in custom sizes. Ideal footstep dampener.

**SCAPA 0458 CLEAR AMBER TAPE – RS372**

Scapa 0485 is a solvent free rubber resin based hot melt adhesive. Scapa 0485 is available in amber in a strip format supplied on an easily removable liner.

**BUTYL TAPE BLACK – RS370**

Butyl provides good adhesion to a wide range of substrates. The softer composition makes this product highly conformable. It remains flexible throughout its service life and has good UV resistance.

**BUTYL TAPE WHITE – RS371**

Butyl provides good adhesion to a wide range of substrates. The softer composition makes this product highly conformable. It remains flexible throughout its service life and has good UV resistance.

**SELF FUSING REPAIR TAPE – RSX90**

Self fusing silicone repair tape with infinite uses such as, leak repair, wiring insulation and tool handle grip replacement.

**AT27 ADVANCE DANCE FLOOR – IE227**

A translucent PVC stage jointing and repair tape coated with a clear, pressure sensitive adhesive.

**AT6102 ADVANCE CLEAN PEEL POLY – RS285**

A polythene film coated with a clean peel, pressure sensitive adhesive.

**AT30 ADVANCE CLEAR POLYTHENE – IE223**

A polyethylene film coated with a clear, stable, pressure sensitive, rubber-based adhesive.

**SCAPA 1433 GREEN ALL WEATHER – RS1433**

Scapa 1433 is a 125 UV stabilised polyethylene film coated with a long lasting acrylic adhesive system. With 150µm total thickness and recommended for agricultural repairing, splicing and sealing applications.

**CLEAR ALL WEATHER POLYTHENE – IE222**

Resistant to extreme temperatures and outdoor elements this polythene tape repairs, seals, joins and bonds to a wide variety of surfaces including glass.

**RAPTOR WRAP – RSRAPTOR**

RaptorWrap is a high-grade fibreglass cloth imbedded with an incredibly strong water activated resin that can fix just about anything. Sets in minutes for an insanely strong repair!

**NON ADHESIVE BARRIER – RSX50 & RSX51**

Our non adhesive barrier tapes offer great visibility and exceptional value for money. Each roll is supplied in a handy box dispenser.

**CABLE TIES – IE262**

These high quality virgin nylon cable ties can be tightened by hand or using a tensioning tool. These cable ties are tested to the highest standard for strength and reliability.

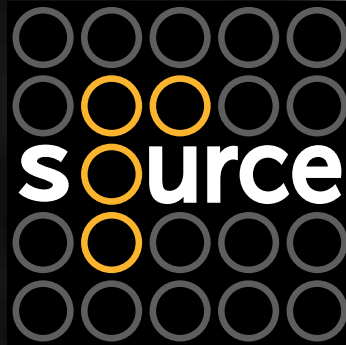

**SELF ADHESIVE HOOK AND LOOP – RSX10 & RSX11**

A high tack hot-melt rubber based adhesive system, coated to the back of hook & loop tape offering instant bond to most surfaces.

**BATTERIES – RSX99**

Industrial batteries by Duracell (formerly Procell) are built to higher standards, to perform better in high-drain applications. The top choice in the AV industry.
