

# Fact Sheet:

# CPR/AED

Qualification Number: 600/1703/X Number of Credits: 2

## HABC Level 2 Award in Cardiopulmonary Resuscitation and Automated External Defibrillation (QCF)

This accredited qualification is ideal for learners who require further training or wish to develop knowledge and/or skills in this subject area. It is suitable for first aiders in the workplace environment who have access to a defibrillator. The qualification maintains good practice in the safe, prompt and effective administration of cardiopulmonary resuscitation and automated external defibrillation. Subjects covered include basic life support and safe use of a defibrillator.

### How long will it take me to achieve this qualification?

This qualification is usually achieved by taking a one-day course.

### How is the qualification assessed?

It is assessed through practical observation and oral questioning throughout the course by the tutor.

### What next?

Individuals achieving this qualification may wish to undertake further First Aid qualifications including:

- HABC Level 2 Award in Emergency First Aid at Work (QCF)
- HABC Level 3 Award in First Aid at Work (QCF)

### Where can this course be taken?

Through any HABC approved training centre.
