EXAMINATIONS AND SERVICES

YOUR HEALTH IS OUR MISSION.

For your specific medical surveillance requirements, AHR provides a wide range of on-site medical testing focused on quality, convenience, and professional service for employers and employees with results delivered in a reasonable, timely manner.

With over a quarter century in health care, AHR's mobile division medical director guides our certified team members. We work with your designated company representative to design appropriate medical exams and testing, tailored to your needs.

All testing is performed on newly-designed, customized medical units with state-of-the-art medical equipment. This equipment is computer interfaced to facilitate the reporting process and ensure internal quality assurance. Reports are furnished in easy-to-read format.
