

Lightweight lithium battery powered LED event Mk2 uplight with Wireless DMX Control, rated for outdoor use (IP65). Very bright 2000lumen output will light up medium sized trees, 4 to 5 storey architectural up-lighting and powerful wall-washing in marquees & buildings, indoors & outdoors. Lithium battery recharges in 4hrs & lasts 8hrs – enough for most events.

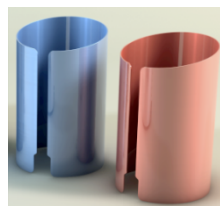

Manufactured in UK

Small & attractive with Removable shroud
Head tilts 45deg to light up statues etc.

Key Benefits

- Very fast setup and get-out for events
- Outdoor rated IP65 for bad weather
- Will light 4-5 storeys using 4 x high brightness LED quad chips including White
- No mains or data connection wires for a safer environment
- Even colour mixing & easy white pastel shades using 4-colour Cree LEDs(RGB+W)
- Recharge under 4 hours & very lightweight 4.0Kg using Li-Ion Battery
- Wireless control from W-DMX enabled lighting desk or **ColourPoint Master unit**
- Small and lightweight 6-way charging flight case (only 52Kg)
- Battery life exceeding 8 hours on maximum output dual colour or cycle
- Attractive 'CORE Family' cylinder shape with removable stainless shroud
- Designed and manufactured in the UK

Slide-on/off Shrouds in different available colours

Smaller, lighter 6-way Charging Flight Case

Portability & Simplicity

Wireless DMX selectable Master or Slave

Mk2 features internal programs, cable DMX output & flicker-free PWM mode for TV

Instantly set up a colour theme. Simply leave in case to charge(4hrs), remove from case when finished then switch on in stand-alone mode or connected wirelessly with Master/Slave to other CORE products to control many of them together. No desk needed

Withstands the worst of weather outdoors with CORE's unique case design.

Typical Applications

- Larger Hotel & venue conference rooms
- Venue lobbies & exterior architectural lighting
- Production/AV & lighting hire companies
- Marquee tent & structure uplighting/wall-washing
- Weddings, parties & private functions
- Enhancing art & exhibits
- Exhibition stand lighting – eliminate power costs!
- Home lighting enhancement – indoor/outdoor
