ALLIBERT BUCKHORN

CATALOGUE 2006 – 2007

How to use the Allibert Buckhorn Catalogue

Three ways to find the Allibert product to meet your needs:

- **Index:** pages 100 to 103
products listed by reference number - to find the page of a specific product when the reference number is known.
- **Product Locator:** pages 94 to 99
containers listed by increasing order of size - to find the container with dimensions to match your requirements.
- **Contents:** pages 4 and 5
products listed by range - to find a 'family' of products.
- **Each page is colour coded** by product range to aid fast flip-through location of products:

-  Stacking containers
-  Stacking & nesting containers with lids
-  Stacking & nesting containers
-  Small Parts storage
-  Dollies and trolleys
-  Bulk storage containers
-  Pallets
-  Flooring
-  Other ranges
-  Identifies new products to the Allibert range.
-  Identifies Strategic Product: We aim to always hold stock of strategic products.
