We pride ourselves as a premium provider of care.

We recognise and respect the significant contribution made by our residents to society. In return we provide well reputed and personalised elderly care assistance in well appointed and charming residential settings.

Our approach is centred around dignity and choice for the individual, whilst understanding that care is wider than the resident and involves family. We hold the safety and security of our residents at the forefront of our operations.

Our continuous assessment, planning, implementation and review of individuals' care plans is at the centre of our work, to ensure the very best possible care. We understand that peoples' requirements are dynamic, whether resident, guardian or staff member.

The investment we make in our staff, in terms of both professional qualifications and their general wellbeing plays a significant part in the happiness of our residents.

Our reputation for friendliness and hospitality is unsurprisingly important to all of our team. A resounding message of excellence from testimonials over the years provides an excellent insight into our Home and its approach.

FAMILY HISTORY

Peverel Court Care is a second generation family business established in 1986 with the acquisition of Stone House Nursing Home by a former Brighton General Hospital nurse.

Establishing a compassionate and caring ethos in an idyllic country setting, in a world of multiple occupancy bedrooms and wards, Stone House quickly built a reputation for a high standard of personalised care. Merryfield House was established soon after, again setting the benchmark for care standards and aesthetics.

The group, which now consists of Bartlett's Residential Home, has since passed to a new generation in the form of the founder's son who has been at the helm since 2000 and continues to set the standard with new accommodation and facilities whilst retaining the uncompromising focus on care standards.
